Reading Programs for Young Adults Martha Seif Simpson, 2015-11-16 School and public libraries often provide programs and activities for children in preschool through the sixth grade but there is little available to young adults. For them libraries become a place for work, the place to research an assignment or find a book for a report but the thought of the library as a place for enjoyment is lost. So how do librarians recapture the interest of teenagers? This just might be the answer. Here you will find theme based units such as Cartoon Cavalcade, Log On at the Library, Go in Style, Cruising the Mall, Space Shots, Teens on TV, and 44 others that are designed for young adults. Each includes a display idea, suggestions for local sponsorship of prizes, a program game to encourage participation, 10 theme related activities, curriculum tie in activities, sample questions for use in trivia games or scavenger hunts, ideas for activity sheets, a bibliography of related works, and a list of theme related films. The units are highly flexible, allowing any public or school library to adapt them to their particular needs

Folcarelli, 1994-08-15 Intended to enhance collection development in school, public and college libraries this volume lists and annotates approximately 1,500 significant bibliographies published from 1985 through 1993 with some earlier but still useful publications. Annotations indicate scope of the work, size, often the number of entries, kinds of material included, purpose, arrangement, nature of entries, indexes, special features and a recommendation. Author, title and subject indexes provide easy access to the entries. With its deep and comprehensive coverage this work will help not only in the process of selecting and acquiring materials for the library but also in the process of identification of items for reference readers, advisory, interlibrary loan and collection evaluation
