Opening Of The Third Eye The:

The Opening of the Third Eye Dr. Douglas M. Baker, 2014-03-02 The Opening of the Third Eye The human brain is a priceless computer lying perfectly maintained but almost silent None of us uses the full potential of this amazing instrument yet we all possess a secret trigger for activating its mechanism Called the Third Eye in occult language this trigger can release a vortex of psychic energy for the extension of awareness in new dimensions for speeding up or slowing down time as experienced on our planet and achieving one hundred per cent personality integration Dr Baker reveals that the Third Eye derives its power from the pineal pituitary and carotid glands allied to whirlwinds of energy known as chakras or force centres There are seven of these centres in the human body their physical location being the base of the spine the solar plexus the spleen the heart the throat the brow and the top of the head Five safe techniques for arousing the Third Eye are provided They have been practised by the author without hazard and with many rewards for over forty years In our present condition we can only observe the outer surface of the planet manifesting in gaseous liquid and solid form We are completely unaware of the subtler states of matter beneath these outward appearances But the Third Eye reveals all underlying structures This means that one could observe the termites in apparently solid wooden paneling or more constructively man s inner organs could be observed and all traces of disease in them immediately recognised with consequent enormous benefits to medical progress

Third Eye Awakening Jessica Harris,2020-12-09 The third eye is not some mystical discovery that has happened in the past few decades If you look into the history and practices of various cultures and religions around the world there is mention of the third eye Under the Taoist way of living for example there is an emphasis on connecting with oneself spiritually by opening the third eye The Christian Bible also mentions the third eye but it recommends and even condemns trying to open it While the intentions and goodness of the third eye are disputed this makes it clear at the very least that it is a real studied thing The third eye that is spoken of in religions cultures and meditative practices is the pineal gland Symbolically the third eye is a single eye that exists on the forehead It is positioned between the two eyebrows It is said that by creating the connection between the third eye and the mind we connect with our inner selves and the outside world One of the earliest references to the third eye in the Bible is in Matthew 6 22 where it is said If thine eye is single the whole body shall be full of light Though this comes across as positive the text further goes on to discuss the connection to the third eye as having the potential to be one of light or darkness depending on if the intentions of the eye opener are good or evil However later in the Bible passages in Leviticus Chronicles Romans John and Ephesians go against this idea that the third eye may be good or evil It is even said that those who practice acts of the third eye like fortune telling and the like should be punished by death as well as those who have chosen to associate with them Eventually the earlier support for the third eye is explained the third eye or sixth sense that is spoken of is a connection to the Holy Spirit and it is this spirit that should be used for guidance This taking in of the Holy Spirit should be so much that it fills which keeps out the evil spirits because there is no room for them It

is common to hear the third eye referred to as a chakra with it being one of seven that are found at various points in the body. These chakras align with the unified field theory and ideas presented in quantum physics that humans are not single entities but instead made up of atoms and molecules that have aggregated together. Each human entity is just a physical body that has been assigned to contain the seven chakras. The chakras explain different energy centers found in the body, each of them with its own location and color. Many cultures believe that the flow of energy is important to health; that is why treatments which align qi or energy like Reiki and acupuncture are used to treat some conditions according to traditional medicine practices. It has been used for high blood pressure, pain in the joints, back or anywhere else, migraines and more. In this book, you will learn more about how to open your third eye, healing mind and body through meditation. The ways to protect yourself during third eye activation. Experiences after the opening of the third eye. The powers of an open third eye. Using crystals, oils, plants and other tools for chakra healing. Setting the environment for third eye meditation.
