STUDIES IN UNDERSTANDING  
AND INTERPRETATION

Raymond Warren

# Opera Workshop Studies In Understanding

**Michael Rajnik**

## **Opera Workshop Studies In Understanding:**

Opera Workshop Raymond Warren, 1995 The starting point for Opera Workshop is that opera has its own conventions musically different from orchestral repertoire and dramatically different from the spoken theatre The book aims to explore how the music drama amalgam actually works and how it is to be understood not only by the audience but also by those taking part the singers producer and conductor Examples from well known operas show how a sensitive response to the music can inform stage action and dramatic pacing The book is structured around the relationship between stage and orchestra covering firstly those operatic traditions where the instrumental music is solely concerned to support the singer Later it explores the emancipation of the orchestra providing atmospheric background and a symphonic dimension There is a chapter on the use of speech in opera comique and Singspiel An innovative feature of the examples is the discussion of interpretations from commercially available video films illustrations with stills stage diagrams and sketches

**Opera workshop** Raymond Warren, 1995 *Library Resources for Singers, Coaches, and Accompanists*, 1998-07-23 Designed to aid the student librarian teacher or professional singer this annotated bibliography provides access to more than 500 books journals and electronic resources Included as well are chapters listing dictionaries and encyclopedias for opera and musical theater biographical sources guides to vocal literature and repertoire and resources for vocal pedagogy and for the stage Equally helpful are sources that list plots and synopses translations diction travel and education Providing ready access to a variety of topics and resources necessary for vocal study this important reference will introduce music students to reliable essential sources for their study assist teachers and coaches in finding reference tools and assist reference librarians in locating sources for patrons The alphabetical organization within subject makes this reference easy to understand and easy to access Three indexes allow for convenient cross referencing
