Operation Defensive Shield Witnesses To Israeli War Crimes:

Operation Defensive Shield Muna Hamzeh,Todd May,2003-06-20 Shows how transnational corporations use lobby groups to shape EU policy New updated edition **The Politics of Teaching Palestine to Americans** M.

Knopf-Newman,2011-11-21 Explores how American youth are indoctrinated with Zionist mythology and how to intervene in that process by teaching about Palestine It argues that as the relationship between Zionist education and the Israel lobby continues to be strong it is necessary to correct the misrepresentations that infiltrate Western culture

The Heartbeat of the Prophetic Marc H. Ellis,2017-09-19 In volume one of this multi volume series Marc Ellis explores the essence of the prophetic by intertwining the context of ordinary life and the explosive reality of Jewish identity the Holocaust and Israel Palestine But Ellis's prophetic challenge extends to people of all faiths and backgrounds For Jews Christians and Muslims where does the prophetic come from and how do we define it Is the heartbeat of the prophetic God or our own commitment In our time where belief in God is more difficult does the prophetic suggest only the possibility of God With or without God is the prophetic worth the suffering that comes the exile's way Ellis's unfolding narration of the prophetic is unique and probing for those who take life justice and faith seriously

Contemporary State Terrorism Richard Jackson,Eamon Murphy,Scott Poynting,2009-09-10 This volume aims to bring the state back into terrorism studies and fill the notable gap that currently exists in our understanding of the ways in which states employ terrorism as a political strategy of internal governance or foreign policy Within this broader context the volume has a number of specific aims First it aims to make the argument that state terrorism is a valid and analytically useful concept which can do much to illuminate our understanding of state repression and governance and illustrate the varieties of actors modalities aims forms and outcomes of this form of contemporary political violence Secondly by discussing a rich and diverse set of empirical case studies of contemporary state terrorism this volume explores and tests theoretical notions generates new questions and provides a resource for further research Thirdly it contributes to a critical normative approach to the study of terrorism more broadly and challenges dominant approaches and perspectives which assume that states particularly Western states are primarily victims and not perpetrators of terrorism Given the scarceness of current and past research on state terrorism this volume will make a genuine contribution to the wider field particularly in terms of ongoing efforts to generate more critical approaches to the study of political terrorism This book will be of much interest to students of critical terrorism studies critical security studies terrorism and political violence and political theory in general Richard Jackson is Reader in International Politics at the University of Wales Aberystwyth He is the founding editor of the Routledge journal Critical Studies on Terrorism and the convenor of the BISA Critical Studies on Terrorism Working Group CSTWG Eamon Murphy is Professor of History and International Relations at Curtin University of Technology in Western Australia Scott Poynting is Professor in Sociology at Manchester Metropolitan University

International Peacekeeping: The Yearbook of International Peace

Operations Harvey Langholtz, Boris Kondoch, Alan Wells, 2004-11-01 International Peacekeeping is devoted to reporting upon and analyzing international peacekeeping with an emphasis upon legal and policy issues but is not limited to these issues. It is recognized that in today's world there is a wealth of information available from the internet and through other sources. It is therefore the goal of this Yearbook to make this information available in one publication which both organizes and records events over the course of a year through analytical articles, a chronicle, primary documents and a bibliography. Topics include inter alia peacekeeping, peace war, conflict resolution, diplomacy, international law, international security, humanitarian relief, humanitarian law and terrorism. The Yearbook is of scholarly quality but is not narrowly theoretical. It provides the interested public, diplomats, civil servants, politicians, the military, academics, journalists, NGO employees and serious citizens with a document of record, comment and a starting point for further research on peacekeeping and related topics. This is achieved not only by the provision of basic documents on CD ROM such as Security Council Resolutions and Reports of the UN Secretary General but also by expert commentaries on world events. Peacekeeping is treated in a pragmatic light seen as a form of international military cooperation for the preservation or restoration of international peace and security. Attention is focused not only on UN peacekeeping operations but other missions as well. This Yearbook is the continuation of the journal International Peacekeeping.

Contemporary Political Movements and the Thought of Jacques Rancière Todd May, 2010-02-05 In this book Todd May shows how democratic progressive politics can happen and how it is happening in very different arenas. He takes an intensive look at a range of contemporary political movements and shows how to one degree or another they exemplify the political thought of Jacques Rancière. May's easy, clear writing style means that no philosophical background is required. Following an essential overview of Rancière's thought, he considers the following groups: the Algerian refugee movement in Montreal, for citizenship; the first Palestinian intifada; the politics of equality and identity politics in relation to the Zapatista movement; a local food co-op in South Carolina; and an anarchist press in Oakland. Essentially this book shows how political theory and practice can enlighten one another and, in an age of cynicism, fear and despair, Todd May suggests there is hope for the possibility of progressive democratic action. It will appeal to Rancière students, scholars and political activists alike.

Global Flashpoints Leo Panitch, Colin Leys, 2007 New forces of resistance have emerged to both American imperialism and neoliberalism. But how far do these forces represent a progressive alternative? This volume surveys the key flashpoints of resistance today. The main arena of resistance to imperialism is the Middle East. Six essays explore the ambivalent nature of Islamic anti-imperialism and the West's crucial role in making it so significant, as well as the different forms it takes as a political creed and they provide particular insight into the relationship between religion and politics today in Iraq, Palestine and Turkey.
