**The Operators** James Rennie,1996 This is the inside story of 14 Company an elite corps of men and women as highly trained in combat as the SAS and as highly trained as MI5 and MI6 in intelligence techniques seen through the eyes of an ex Operations Officer James Rennie It is a company whose members are more comprehensively trained and equipped than any other government agency to combat terrorism in a democracy The selection process is shockingly arduous both physically and intellectually Members bear false names no personal identification and there are no internal ranks It has been a body of highly dedicated individuals and has never been penetrated by the press

**The Operators** James Rennie,2014-07-02 A rare look inside the British Army s elite special forces unit and its counter terrorism surveillance operations from one of its own Few outside the security services have heard of 14 Company As deadly as the SAS yet more secret the Operators of 14 Company are Britain s most effective weapon against international terrorism For every bomb that goes off 14 Company prevent twelve The selection process is the most physically intellectually and emotionally demanding anywhere in the world Trained to operate under cover Operators have at their disposal an arsenal of techniques and weapons unmatched by any other UK government or military agency This is the true story of one Operator and of some of the most hair raising military operations ever conducted on the streets of Britain

*Undercover War* Harry McCallion,2020-08-06 When British troops first deployed to Northern Ireland in 1969 to halt the threat of a new rising force the Provisional Irish Republican Army they could not have known that the longest campaign in the British Army s history was beginning While patrols vehicle bombs and incendiary speeches are the defining memories of the Troubles the real war was fought out of sight and out of mind For thirty years Britain s Special Forces waged a ferocious secretive struggle against a ruthless and implacable enemy Harry McCallion offers a unique insight into nearly every major military action and operation in the Province having served seven tours with the Parachute Regiment passed selection for 14 Intelligence Company completed six years with the SAS anti terrorism team and joined the Royal Ulster Constabulary receiving two commendations for bravery during his service This book is his blistering account of the history of Britain s war against the IRA between 1970 and 1988 the most murderous years of the conflict drawn from his own operational experience and backed by first hand accounts and unpublished documents From new insights into high profile killings and riveting accounts of enemy contact to revelations about clandestine missions and strategies in combating a merciless enemy *Undercover War* is the definitive inside story of the battle against the IRA one of the most dangerous and effective terrorist organisations in recent history

**Casting Light on the Shadows** Bernd Horn,Tony Balasevicius,2007-02-28 Special Operations Forces SOF have never been an integral element of Canada s military capability Although units have existed periodically throughout the country s history they have always been in the shadows However the terrorist attack in the United States on September 11 2001 changed that In the aftermath of 9 11 SOF became the force of choice *Casting Light on the Shadows* consists of a series of essays on SOF related issues written by individuals

with specialized knowledge and expertise in the field As well as providing a solid foundation for SOF theory historical background and evolution the book also highlights ongoing developments in SOF

*The Browning High-Power Pistol* Leroy Thompson, 2020-04-30 Making its debut in 1935 the Browning High Power was the world's most widely used military pistol for much of the 20th century Military and law enforcement agencies in more than 90 countries have issued the High Power and it has seen combat in conflicts from World War II through to the War on Terror After conquering Belgium Nazi Germany produced more than 300 000 High Powers for use by the Waffen SS Fallschirmjäger and others and after 1945 the High Power became standard for most NATO armed forces as well as scores of others Chambered for the 9 19mm Luger cartridge John Browning's High Power improved on the classic Colt M1911 design especially in its use of a far simpler takedown system The pistol's innovative 13 round magazine designed by Dieudonné Saive staggered the cartridges for higher capacity without unduly increasing the grip size During its 82 year production run at Fabrique Nationale FN in Belgium the design evolved slightly but a 2017 High Power was still easily recognizable as a descendant of the original model Packed with gripping material including detailed technical specifications contemporary photographs and highly accurate artist's renditions this title is a comprehensive and informative guide to the world's most iconic semi automatic pistol

*Democracies at War Against Terrorism* Samy Cohen, 2008-08-15 This book deals with the difficulty democracies face in conducting asymmetric warfare in highly populated areas without violating international humanitarian law On numerous occasions democratic nations have been singled out by human rights NGOs for the brutality of their modus operandi for their inadequate attention to the protection of civilian populations or for acts of abuse or torture on prisoners Why do they perpetrate these violations Do they do so intentionally or unintentionally Can democracies combat irregular armed groups without violating international law When their population is under threat do they behave as non democracies would Does this type of war inevitably produce war
