Ayal,1978 *Federal Register* ,2007-08 *Transport Policies and Economic Development in Southern Africa* Gavin Grant Maasdorp,1984 Book contains maps indicating main railway routes some roads and road projects inland waterways ports and air traffic routes **Women, Aid, and Development** Sudha V. Rao,Christine M. Cottam,1993 *The State in Myanmar* Robert H. Taylor,2009 The State in Myanmar is a totally revised and expanded and updated version of The State in Burma 1987 with additional chapters covering the last twenty years of Myanmar's political history It attempts to explain the country's current politics in the light of the historical evolution of state society relations in Myanmar since the pre colonial kings through the colonial era to the current and third post colonial regime in this strategically important and little studied South East Asian nation The book explains the dramatic and unpredicted collapse of the previous socialist regime and the attempts by new and old political forces to wrest control of the state from a revitalised and increasingly confident military government Myanmar's state builders have applied varying ideas in their attempts to fashion a stable political order in an often fractious and far from unified nation and The State in Myanmar places those experiences in comparative perspective **The Human Dimension of Development** Hari Mohan Mathur,1990 **Public Administration** Great Britain. Ministry of Overseas Development. Library,1973 **Sustainable Economic Development** Giorgos Meramveliotakis,Manolis Manioudis,2024-11-14 Drawing on political economy and economic pluralism this book explores issues in sustainable economic development from a macro perspective In contrast to the vast majority of studies on contemporary development problems which are focused on micro level theory method and policy this volume brings together both heterodox and mainstream perspectives The international cast of contributors thus brings a pluralistic approach to core contemporary topics including digital transformation climate change degrowth and the effects of the pandemic crisis Methods range from frameworks used to analyse public policy and institutional change to modes of analyses including historically grounded narratives and conceptualisations of grand theories Each chapter surveys the origins development key features applications and frontiers of a particular viewpoint framework or mode of analysis This book makes a vital contribution to the literature on economic development sustainable development capitalism and sustainability more broadly *Bibliographie der*
