**Open Lands Project** Open Lands Project (Chicago, Ill.),1983\*      Holy Bible - Kj3 Literal Translation Jay Patrick Green,2010-12 Green presents the fourth edition of the translation that appears in the side margins of his bestselling work The Interlinear Hebrew Greek English Bible      Larger Print Bible-Il-Volume 2 Jay Patrick Sr. Green,2007 Larger Print Edition The number one complaint about the Interlinear Hebrew Greek English Bibles by Jay P Green Sr has been the size of the type This new printing is in a larger type size much more readable for long hours of study without the eye strain This has all of the content of the 4 Volume Interlinear Bible Set that has been published since 1985 and all the content of the 2000 Interlinear New Testament The only complete interlinear Bible available in English and it s keyed to Strong s Exhaustive Concordance Thousands of pastors students and laypeople have found The Interlinear Bible to be a time saving tool for researching the subtle nuances and layers of meaning within the original biblical languages Featuring the complete Hebrew and Greek texts with a direct English rendering below each word it also includes The Literal Translation of the Bible in the outside column But what truly sets this resource apart are the Strong s numbers printed directly above the Hebrew and Greek words Strong s numbers enable even those with no prior knowledge of Greek or Hebrew to easily access a wealth of language reference works keyed to Strong s Greek Hebrew dictionaries analytical lexicons concordances word studies and more The Hebrew is based on the Masoretic Text and the Greek is from the Textus Receptus The sources of the texts are documented in the preface and are essentially the same with some minor variations to the Hebrew and Greek texts used by the KJV translators Only a small minority of Bible students ever achieve the ability to read the original biblical languages This resource offers a non threatening tool for those lacking language training to begin exploring the languages of Scripture Offering a concise literal translation of each Greek and Hebrew word it s a great jumping off point for in depth Bible study and text analysis This Bible displays all the Hebrew Aramaic and Greek words of the Bible in the Masoretic Hebrew Text and the Received Greek Text with literal accurate English meanings placed directly under each original word in interlinear form with Strong s Concordance numbers over each original word enabling the Bible student whether knowing the original languages or not to refer to all lexicons and concordances that have also been coded with Strong s numbers 2 936 pages bound in a bonded leather over boards hardback edition This new edition has been much improved by a new typesetting of the New Testament Volume IV with larger print the left marginal column containing a newly revised Literal Translation of the Bible 2000 and a right marginal column containing the Authorized King James Version 1769 The three volume Old Testament is an exact reprint of the 1985 Hendrickson Publishers Edition but in larger print The Old Testament does not yet have the 1769 King James Version The only complete Interlinear Bible is now fully keyed to Strong s Concordance numbers The Strong s numbering above each Hebrew and Greek word along with the Interlinear text and marginal literal English Translation and the 1769 Authorized King James Version opens a treasure house of Bible study possibilities for those who

wish to understand the Scripture better It s use will allow the novice student to read the original text without losing valuable time to look up the meaning of the Hebrew Greek words in the Hebrew Greek lexicons There is no substitute for a first hand knowledge of the original text However since only a small minority of Bible students retain an easy reading comprehension of the original text the Interlinear Bible is a welcome aid to Bible students laymen and pastors who wish to continue working with the original languages     *San Juan Resource Area Proposed Resource(s) Management Plan (RMP) ,1987*     **I**

**Chronicles 1-9** Gary N. Knoppers,2003-01-01 In his latest addition to the esteemed Anchor Bible Commentaries scholar Gary Knoppers examines one of the most neglected books of the Old Testament and established its importance as a key to understanding the nation of Israel Who were the Israelites Was Israel s first king Saul a hero or a disaster Was David a gifted and accomplished leader or a murderer and a cheat Did Solomon preside over the most glorious epoch in Israelite history or did he lead the nation into a fateful decline In I Chronicles the distinguished scholar Gary Knoppers addresses these questions through a thoughtful and exacting reading of one of the last books of the Hebrew Bible He shows that Chronicles which contains a variety of viewpoints on the major events and people provides a distinct perspective on much of Israel s past especially the monarchy He discusses how the chronicler s introduction to the people of Israel redefines Israel itself explains and defends the transition from Saul to David and shows how the Davidic Solomonic monarchy was not only a time of incomparable achievement and glory but also the period during which the nations most important public institutions the Davidic dynasty the Jerusalem Temple the priests and the Levites took formative shape I Chronicles part of a two volume set is the first to employ systematically the Dead Sea Scrolls to reconstruct the biblical author s text Knoppers reveals how Chronicles is related to and creatively drawn from many earlier biblical books and presents a fascinating look at its connections in both compositional style and approach to the historical writings of ancient Mesopotamia and classical Greece Featuring a new translation and an extensive introduction that incorporates up to date research this volume replaces the Anchor Bible I Chronicles commentary written by Jacob Myers in 1965
