*Opera Plot Index* David Hamilton, William E. Studwell, 2020-11-25 First Published in 1990 Information about individual operas and other types of musical theater is scattered throughout the enormous literature of music. This book is an effort to bring that data together by comprehensively indexing plots and descriptions of individual operatic background, criticism and analysis, musical themes and bibliographical references. The principal audience for this general reference guide will be for the non specialist but it is hoped that persons specialising in opera would also find it useful. *Index to Opera, Operetta, and Musical Comedy Synopses in Collections and Periodicals* Jeanette Marie Drone, 1978 Indexes 1 605 titles by 627 composers

*Opera Plots* Waldemar Rieck, 1927 *Opera* Guy A. Marco, 2001 Opera is the only guide to the research writings on all aspects of opera. This second edition presents 2 833 titles over 2 000 more than the first edition of books, parts of books, articles and dissertations with full bibliographic descriptions and critical annotations. Users will find the core literature on the operas of 320 individual composers and details of operatic life in 43 countries. All relevant works through to November 1999 have been considered covering more than fifteen years of literature since the first edition was published. Provided by publisher

*An Index of Tunes in the Ballad-operas* William Barclay Squire, 1910 *Frederick Delius* Mary Christison Huisman, 2012-07-26 Frederick Delius is among the most celebrated English composers of the 20th century. Widely studied and performed, his works are considered models of the British impressionist school and continue to fascinate students and scholars centuries later. This research guide serves as a ready reference for students and scholars but will also be interesting to read and useful for anyone who wants to know where to begin to learn more about this important composer. *Musical Theater Synopses* Jeanette Marie Drone, 1998-10 This guide identifies the location of synopses of over 11 000 titles by more than 4 000 composers. In addition to operas, operettas and musical comedies, the supplement indexes ballets, oratories, minstrel shows and several non-Western forms including Kabuki, Beijing opera and Chinese plays.

*Pennsylvania Library Notes*, 1916 *Walford's Guide to Reference Material: Generalia, language and literature, the arts* Albert John Walford, 1998 From its first edition the purpose of Walford has been to identify and evaluate the widest possible range of reference materials. No rigid definition of reference is applied. In addition to the expected bibliographies, indexes, dictionaries, encyclopaedias and directories, a number of important textbooks and manuals of general practice are included. While the majority of the items are books, Walford is a guide to reference material. Thus periodical articles, microforms, online and CD ROM sources are all represented. In this volume a particular effort has been made to improve coverage of the latter.
