literary car magazine that drew as much inspiration from Tom Wolfe's writing as it did from the great cars of the day. Through the Seventies the magazine's reputation solidified as the technical authority on new cars and the literary tradition continued with such writers as Don Sherman and author P J O'Rourke. Throughout the Eighties the magazine prospered even when its writers went off the deep end literally getting stranded in Mexico during a Baja comparison test. Car and Driver watched over the virtual rebirth of the American car during that decade with the renaissance at Ford through the Taurus and the revival of the Corvette while keeping its lock on the strongest feature writing in the auto magazines with stories like Brock Yates's thirty years past observance of the death of James Dean. The Nineties saw Car and Driver continue its leadership as the world's largest selling automotive magazine. From the introduction of the Acura NSX and the Mazda Miata to the brand new Mustangs and Corvettes that have come in just the past years Car and Driver has been the authority that readers trust when it comes to 0-60 times, road tests and reviews. Fifty Years with Car and Driver combines classic stories from the magazine, commentary by former staffers including the author, vintage and modern photos of the hottest and most important cars reviewed by the magazines as well as stories from behind the scenes with all the attitude, expertise and visual excitement readers have come to expect from the magazine itself.
