

Mycenaean Greece

Mycenean World

Thomas F. Tartaron

Mycenaean World:

The Mycenaean World John Chadwick, 1976-03-25 John Chadwick summarizes the results of research into Mycenaean Greece The Mycenaean World K. A. Wardle, Diana Wardle, 1997 A concise introduction to the ancient Greek civilisation of Mycenae The Mycenaean World Kaitē Dēmakopoulou, 1988 **Maritime Networks in the Mycenaean World** Thomas F. Tartaron, 2013-05-27 In this book Thomas F. Tartaron presents a new and original reassessment of the maritime world of the Mycenaean Greeks of the Late Bronze Age. By all accounts a seafaring people, they enjoyed maritime connections with peoples as distant as Egypt and Sicily. These long distance relations have been celebrated and much studied, by contrast the vibrant worlds of local maritime interaction and exploitation of the sea have been virtually ignored. Dr Tartaron argues that local maritime networks in the form of coastscapes and small worlds are far more representative of the true fabric of Mycenaean life. He offers a complete template of conceptual and methodological tools for recovering small worlds and the communities that inhabited them. Combining archaeological, geoarchaeological and anthropological approaches with ancient texts and network theory, he demonstrates the application of this scheme in several case studies. This book presents new perspectives and challenges for all archaeologists with interests in maritime connectivity. **The Mycenaean World** John Chadwick, 1976 Describes the Mycenaean and Minoan civilizations that developed on the Greek mainland and on Crete during the Late Bronze Age. Economic and Social History of Ancient Greece M. M. Austin, P. Vidal-Naquet, 1977 This book is an English version of the book originally published in French under the title of *Economies et sociétés en Grèce ancienne*. The opportunity has been taken to correct some errors, update bibliographical references, add a few passages to the selection of ancient sources and improve the material presentation in several respects. But otherwise this remains substantially the same book as the original French version. The book is aimed in the first place at an undergraduate audience, though it is hoped that it will also be of interest to a wider non-specialist readership interested in the history and civilization of Ancient Greece. It attempts to meet a need well known to all those who have to teach Greek history in universities. Students long dissatisfied with a purely political approach to Greek history ask for more economic and social history. One then has to answer, and this book is a very modest attempt at an answer, that neither the economic nor the social category had in the Greek city the same independent status they now enjoy. The book takes its starting point in this ambiguity; it accepts the challenge but rejects the formulation of the question. Anyone who has been asked to explain once and for all the role played by slaves in social conflicts in the Greek world will understand what we mean. Publisher description. The Mycenaean World Katie Demakopoulou, *Ethnikon Archaïologikon Mouseion (Grækenland)*, 1988 **In Search of the Trojan War** Michael Wood, 1998 For 3 000 years tales of Troy and its heroes Achilles and Hector, Paris and the legendary beauty Helen have fired the human imagination. With *In Search of the Trojan War* Michael Wood brings vividly to life the legend and lore of the Heroic Age in an archaeological adventure that sifts through the myths and speculation to provide a privileged view of

the riches and the reality of ancient Troy This edition includes a new preface a new final chapter and an addendum to the bibliography that take account of dramatic new developments in the search for Troy with the rediscovery in Moscow of the so called Jewels of Helen and the re excavation of the site of Troy which began in 1988 and is yielding new evidence about the historical city *The Collapse of the Mycenaean World* David Clark Shanabrook,1978 *The Luwians* Craig Melchert,2003-04-01 The Luwians played at least as important a role as the Hittites in the history of the Ancient Near East during the second and first millennia BCE but for various reasons they have been overshadowed by and even confused with their more famous relatives and neighbours Redressing this imbalance the present volume by an international team of scholars offers a comprehensive state of the art appraisal of the Luwians the first of its kind in English A brief introduction sets the context and confronts the problem of defining the Luwians Following chapters describe their prehistory history writing and language religion and material culture *Mycenaean Civilization* Bryan Feuer,2003-12-31 Classical Greeks considered the Mycenaean civilization to be the basis of their glorious and heroic heritage but its material existence was not confirmed until the excavations of Heinrich Schliemann in the late nineteenth century In the ensuing years as with the field of archaeology in general emphasis has shifted from revealing monuments and finding treasure to dealing with less glamorous more scientifically oriented investigations concerning aspects such as social and political organization economic functions and settlement patterns With its more than 2000 entries this reference work serves as both an introduction to and a summary of the study of ancient Mycenaean civilization Considerably expanded from the first edition there are 500 new entries representing materials published since 1991 The largest part of the book is made up of annotated bibliography entries arranged topically with introductory material for each section The book also includes a general introduction to Mycenaean civilization a glossary and author place and subject indexes *Mycenaean Greece and the Aegean World* Margaretha Kramer-Hajos,2016-08-15 Kramer Hajos examines the Euboean Gulf region in Central Greece to explain its flourishing during the post palatial period focusing on the interactions between this provincial coastal area and the core areas where the Mycenaean palaces were located **Kingship in the Mycenaean World and Its Reflections in the Oral Tradition** Ione Mylonas Shear,2004-12-31 During the last few decades there has been great interest in the problems of defining the extent and nature of kingship in the Mycenaean world Questions concerning the degree of economic and religious power held by the king have been given special emphasis This book surveys the conclusions drawn by individual scholars studying the Linear B tablets contrasts their theories with our knowledge of the Mycenaean kingdoms as derived from the archaeological record and finally compares this evidence with possible reflections in the oral tradition specifically in the Iliad and Odyssey This approach leads to the suggestion that the king in the Mycenaean period had only limited power over the society and its economy Although the king appears to have controlled a large segment of the economy it is argued here that other individuals and family groups within the kingdom also had a certain degree of economic independence

Greek Imaginary Cornelius Castoriadis, 2022-12-16 This book collects 12 previously untranslated lectures by Castoriadis from 1982 to 1983 Castoriadis focuses on the interconnection between philosophy and democracy and the way both emerge within a self critical imaginary already in development in the work of early Greek poets and Presocratic philosophers Displaying both mastery of the relevant scholarship and original interpretation he reveals the birth of a society that would place its highest value in calling itself and its institutions into question He argues that this spirit would develop directly into the twin signatures of the Greek world namely radical philosophy on the one hand and radical democratic practices on the other Like no previous interpreter Castoriadis allows us to feel the existential need already present in the earliest Greek thinkers to question the significance of human existence and to share in shaping its meaning The Greeks not only did this he argues they also began the equally important work of establishing the institutions to support such a project **Mycenaean Greece (Routledge Revivals)** John Hooker, 2014-03-18 Mycenaean Greece first published in 1976 investigates from an historical point of view some of the crucial periods in the Greek Bronze Age The principal subject is the so called Mycenaean culture which arose during the sixteenth century BC as assimilation of the previous Helladic culture of mainland Greece with some of the developments of Minoan Crete Many of the material aspects of the Mycenaean civilisation are examined as are the extent of Mycenaean expansion overseas and the eventual destruction of Mycenaean sites which marked the end of their civilisation The author also considers the evidence relating to the religious beliefs of the Mycenaeans and their social political and economic organisations and he relates the Mycenaean culture to the later civilisation of Archaic and Classical Greece There is an Appendix containing a list of Mycenaean sites with reference to excavation reports and a full bibliography

The Mycenaeans Rodney Castleden, 2005-03-25 Following on from Rodney Castleden's best selling study *Minoans* this major contribution to our understanding of the crucial Mycenaean period clearly and effectively brings together research and knowledge we have accumulated since the discovery of the remains of the civilization of Mycenae in the 1870s In lively prose informed by the latest research and using a full bibliography and over 100 illustrations this vivid study delivers the fundamentals of the Mycenaean civilization including its culture hierarchy economy and religion Castleden introduces controversial views of the Mycenaean palaces as temples and studies their impressive sea empire and their crucial interaction with the outside Bronze Age world before discussing the causes of the end of their civilization Providing clear easy information and understanding this is a perfect starting point for the study of the Greek Bronze Age **The Argive Heraeum** Sir Charles Waldstein, 1905 **The Journal of Hellenic Studies**, 1894 Vols 1 8 1880 87 plates published separately and numbered I LXXXIII *Pax Hethitica* Yoram Cohen, Amir Gilan, Itamar Singer, Jared L. Miller, 2010 Mit *Pax Hethitica* erscheint die Festschrift für Itamar Singer langjähriger Professor an der Universität Tel Aviv und führender Hethitologe und Historiker des Alten Orients Die Festschrift enthält 34 Beiträge von seinen Kollegen aus der Altanatolistik und Altorientalistik vor allem zu hethitologischen aber auch zu assyriologischen syrischen indogermanischen und agaischen

Themen Die vielfaltigen Beitrage entsprechen den umfassenden Forschungsinteressen des Jubilars die weit uber die Grenzen Anatoliens und der Hethitologie hinausreichen Mit Beitragen von A Altman A Archi T Bryce B J Collins L d Alfonso S de Martino A Dincol B Dincol Y Feder M Forlanini M Giorgieri S Gordin J D Hawkins V Haas S Heinhold Krahmer H A Hoffner Jr C Karasu H C Melchert C Mora N Oettinger I Peled F Pecchioli Daddi M Poetto M Popko A F Rainey E Rieken D Schwemer O Soysal I Tati vili P Taracha G Torri T van den Hout G Wilhelm I Yakubovich A Yasur Landau und R Zadok **Classified**
