Mystery Of The Coventry Cappers:

The Mystery of the Coventry Cappers Peter King, 2001 The Company and Fellowship of the Gild of Cappers and Feltmakers is one of the few remaining merchant guilds which can trace its origins back to the Middle Ages In this fascinating study Peter King draws on a wealth of archive material to tell the full story of the Cappers gild from its inception to the present day In exploring the ways in which the Cappers fitted into the local community King sheds new light on many aspects of social and economic life in the medieval and early modern periods from the role of women in the local economy to mystery plays and pageants The Wakefield Mystery Plays Martial Rose, 1951 The Ancient Records of Coventry Mary Dormer Harris, 1924 **Studies in the English Mystery Plays** Charles Davidson, 1892 The Laity, the Church and the Mystery Plays Tony Corbett, 2009 Over the course of more than two hundred and fifty years from the fourteenth century until well after the Reformation had become established biblical plays were performed by groups of lay people across England From the great public performances at York and Chester to the private collection of the Towneley MS the plays were an index of the spiritual and social concerns of a sizeable section of urban English people This book sets out to examine historical theological and textual evidence of those concerns It proposes that the plays agenda while irrefutably orthodox reflected a lay spirituality which was not always in accord with the disciplines of the medieval church The plays provided a means for the expression of the spiritual needs of an increasingly self aware and economically important laity The book places significant emphasis on textual close reading and balances the mnemonic simplicity of the church s syllabus for the laity against the richness of the play texts It examines the records of the guilds and fraternities responsible for some of the plays and considers whether in the light of their other activities the main audience for the plays may have been the members themselves rather than a wider public The Laity the Church and the Mystery Plays A Drama of Belonging includes a Foreword by Dame Judi Dench Angelic and Demonic Costumes in the English Mystery Cycles Rhoda-Gale Pollack, 1971 Music in the English Mystery Plays Joanna Dutka, 1980 **The Story of Coventry** Mary Dormer Harris, 1911 Life in an old English town, a history of Coventry Mary Dormer Harris, 1898 Shakespeare's Medieval Craft Kurt A. Schreyer, 2014-08-01 In Shakespeare s Medieval Craft Kurt A Schreyer explores the relationship between Shakespeare s plays and a tradition of late medieval English biblical drama known as mystery plays Scholars of English theater have long debated Shakespeare s connection to the mystery play tradition but Schreyer provides new perspective on the subject by focusing on the Chester Banns a sixteenth century proclamation announcing the annual performance of that city s cycle of mystery plays Through close study of the Banns Schreyer demonstrates the central importance of medieval stage objects as vital and direct agents and not merely as precursors to the Shakespearean stage As Schreyer shows the Chester Banns serve as a paradigm for how Shakespeare s theater might have reflected on and incorporated the mystery play tradition yet distinguished itself from it For instance he demonstrates that certain material features of Shakespeare s stage including the

ass s head of A Midsummer Night s Dream the theatrical space of Purgatory in Hamlet and the knocking at the gate in the Porter scene of Macbeth were in fact remnants of the earlier mysteries transformed to meet the exigencies of the commercial London playhouses Schreyer argues that the ongoing agency of supposedly superseded theatrical objects and practices reveal how the mystery plays shaped dramatic production long after their demise At the same time these medieval traditions help to reposition Shakespeare as more than a writer of plays he was a play wright a dramatic artisan who forged new theatrical works by fitting poetry to the material remnants of an older dramatic tradition **Robes and Honor S.**

Gordon,2016-04-30 Robes and Honor is a fascinating exploration of the possible common origin and subsequent developments of investiture across medieval Christianity and medieval Islam The ceremony in all of its cultural variety was much more than the public adoption of a high value textile as symbol of office within a culture robing established a personal link from the hand of the giver king pope head of a sect ambassador to the receiver noble general official nun or acolyte This volume challenges current thinking on religious and regional boundaries of cultures raises semiotic issues about imagined communities and addresses problems of kingship **The British National Bibliography** Arthur James Wells,2003

Masks and Masking in Medieval and Early Tudor England Meg Twycross,Sarah Carpenter,2017-03-02 Drawing on broad research this study explores the different social and theatrical masking activities in England during the Middle Ages and the early 16th century The authors present a coherent explanation of the many functions of masking emphasizing the important links among festive practice specialized ceremonial and drama They elucidate the intellectual moral and social contexts for masking and they examine the purposes and rewards for participants in the activity The authors insight into the masking games and performances of England s medieval and early Tudor periods illuminates many aspects of the thinking and culture of the times issues of identity and community performance and role play conceptions of the psyche and of the individual s position in social and spiritual structures Masks and Masking in Medieval and Early Tudor England presents a broad overview of masking practices demonstrating how active and prominent an element of medieval and pre modern culture masking was It has obvious interest for drama and literature critics of the medieval and early modern periods but is also useful for historians of culture theatre and anthropology Through its analysis of masked play this study engages both with the history of theatre and performance and with broader cultural and historical questions of social organization identity and the self the performance of power and shifting spiritual understanding **Earlier English Drama from Robin Hood to**
