## **Mystery In Hidden Hollow:**

Mystery in Hidden Hollow Mary C. Jane, 2017-04-24 Amy and Freddy Connors can't believe their ears when their Uncle Ken tells them he is going to stay in Mr Sargent's big old house in Hidden Hollow all winter. And when their father says that they can stay with Uncle Ken they can't believe their luck. They can be near their friends Marcia and Jim and best of all they won't have to stay in their father's trailer and be part of that shiftless Connors tribe. Mr Sargent wants Ken to take care of his house and his dog but Amy and Freddy decide that being in the house will give them the chance to look for a lost inheritance. Before they have time to search for it other mysteries pop up. Who is the young woman whose portrait hangs in the Sargent house? Who is sneaking around the house at night? And why is someone trying to make trouble for Amy and Freddy? The two children with help from their friends must find answers to all the mysteries and in the process learn how to hold up their heads and keep their self-respect in spite of what neighbors might think of their family.

**The Hidden Hand** Emma Southworth, 2021-11-09 In *The Hidden Hand* Emma Southworth weaves a captivating tale that merges elements of romance, mystery, and social commentary within the context of 19th-century America. The novel centers on the life of a young woman whose struggles against societal constraints and personal adversities reveal deeper themes of identity, family loyalty, and moral integrity. Southworth's prose is both vivid and evocative, characterized by a picturesque depiction of the American landscape and a keen observation of human behavior, positioning the work as a significant narrative during the rise of sentimental literature and the burgeoning women's literary tradition. Emma Southworth, an influential figure in American literature, was born in 1819 and became one of the first female authors to achieve commercial success. Her own experiences, which included the challenges of single motherhood and financial instability, heavily informed her writing. Through her works, Southworth aims to challenge the patriarchal norms of her time, advocating for women's rights and social reforms while employing suspenseful storytelling to engage her readers. I wholeheartedly recommend *The Hidden Hand* for readers seeking an immersive exploration of moral complexity and resilience. Southworth's ability to blend intrigue with heartfelt narratives offers a profound reading experience, making it a critical addition to the canon of American literature.
