Mysticism and Morality Richard H. Jones, 2004-01-01 In *Mysticism and Morality* author Richard Jones explores an often neglected question of religious ethics. Is mysticism moral? Through a discussion of several religious traditions including Hinduism, Jainism, Buddhism, Tantrism, Daoism, and Christianity, Jones fills a major void in the scholarly literature by considering all relevant points pertaining to mysticism. Rather than looking at mysticism abstractly, the book focuses on such topics as ritual practice and the processes of mystical becoming. This work provides new perspectives for those interested in ethics and will prove essential to anyone interested in comparative philosophy and cross cultural studies of religion.

Miller, 2009-03-30 Comprised of readings from ancient to modern times, this volume offers a comprehensive introduction to the central questions of the philosophy of religion. Provides a history of the philosophy of religion from antiquity up to the twentieth century. Each section is preceded by extensive commentary written by the editors followed by readings that are arranged chronologically. Designed to be accessible to both undergraduate and graduate students.

Purpose in the Universe Tim Mulgan, 2015-10-22 Two familiar worldviews dominate Western philosophy: materialist atheism and the benevolent God of the Abrahamic faiths. Tim Mulgan explores a third way: Ananthropocentric Purposivism. It claims that there is a cosmic purpose but human beings are irrelevant to it. *Purpose in the Universe* develops a philosophical case for Ananthropocentric Purposivism that it is at least as strong as the case for either theism or atheism. The book borrows traditional theist arguments to defend a cosmic purpose. These include cosmological, teleological, ontological, meta-ethical, and mystical arguments. It then borrows traditional atheist arguments to reject a human centred purpose. These include arguments based on evil, diversity, and the scale of the universe. Mulgan also highlights connections between morality and metaphysics, arguing that evaluative premises play a crucial and underappreciated role in metaphysical debates about the existence of God. Ananthropocentric Purposivism mutually supports an austere consequentialist morality based on objective values. He concludes that by drawing on a range of secular and religious ethical traditions, a non-human centred cosmic purpose can ground a distinctive human morality. Our moral practices, our view of the moral universe, and our moral theory are all transformed if we shift from the familiar choice between a universe without meaning and a universe where humans matter to the less self-aggrandising thought that while it is about something, the universe is not about us.

The American Ecclesiastical Review Herman Joseph Heuser, 1939 **The Palgrave Handbook of Philosophy and Psychoactive Drug Use** Rob Lovering, 2024-10-14 In this handbook, philosophers from around the world address the metaphysics, epistemology, and value of psychoactive mind-altering drug use. In so doing, they attempt to answer questions such as: What does the fact of drug-induced mind-altering experiences tell us about the natures of the mind, free will, and God?

What does it tell us about what and how we can know Are drug induced mind altering experiences valuable morally aesthetically or otherwise Is the acquisition of drug induced mind altering experiences ever immoral Should the acquisition of drug induced mind altering experiences ever be legally prohibited The Handbook gives an overview of the current research and sets the stage for future directions in philosophical thought relating to psychoactive drug use Proceedings of the Aristotelian Society Aristotelian Society (Great Britain),1920 List of members in each volume
