Mysticism and Morality

Mysticism And Morality

James R. Horne

Mysticism And Morality:

Mysticism and Morality Arthur Coleman Danto,1973 [Mysticism and Morality](#) Richard H. Jones,2004-01-01 In **Mysticism and Morality** author Richard Jones explores an often neglected question of religious ethics Is mysticism moral Through a discussion of several religious traditions including Hinduism Jainism Buddhism Tantrism Daoism and Christianity Jones fills a major void in the scholarly literature by considering all relevant points pertaining to mysticism Rather than looking at mysticism abstractly the book focuses on such topics as ritual practice and the processes of mystical becoming This work provides new perspectives for those interested in ethics and will prove essential to anyone interested in comparative philosophy and cross cultural studies of religion

Mysticism and Morality: Oriental Thought and Moral Philosophy Arthur C. Danto,1972 **The Moral Mystic** James R. Horne,2006-01-01

Mysticism is condemned as often as it is praised Much of the condemnation comes from mysticism s apparent disregard of morality and ethics For mystics the experience of union transcends all moral concern In this careful examination of the works of such practitioners or examiners of mysticism as Paul Tillich Thomas Merton Evelyn Underhill and Martin Buber the author posits a spectrum of uneasy relationships between mysticism and morality Horne explores the polarities of apophatic imageless and imaginative mysticism the contemplative and the active life and morality and amorality He stresses the importance of the distinction between proper name entirely personal morality and social morality for the history of Christian mysticism is a mix of minimal moral concern proper name morality and social morality The volume will be of interest to students of religious experience ethics and the recent history of mysticism Carefully reasoned and documented the argument is couched in clear prose easily accessible to lay readers as well as to scholars

Mysticism and Morality Arthur C. Danto,1976 **Venturing Beyond - Law and Morality in Kabbalistic Mysticism** Elliot R. Wolfson,2006-05-25

Are mysticism and morality compatible or at odds with one another If mystical experience embraces a form of non dual consciousness then in such a state of mind the regulative dichotomy so basic to ethical discretion would seemingly be transcended and the very foundation for ethical decisions undermined Venturing Beyond Law and Morality in Kabbalistic Mysticism is an investigation of the relationship of the mystical and moral as it is expressed in the particular tradition of Jewish mysticism known as the Kabbalah The particular themes discussed include the denigration of the non Jew as the ontic other in kabbalistic anthropology and the eschatological crossing of that boundary anticipated in the intuition of religious conversion the overcoming of the distinction between good and evil in the mystical experience of the underlying unity of all things divine suffering and the ideal of spiritual poverty as the foundation for transmoral ethics and hypernomian lawfulness

Crossing Boundaries George William Barnard,Jeffrey John Kripal,2002 The contemporary study of religion has witnessed a consistent interest in and concern about the relationship between the unitive ascetic and ecstatic tendencies of mystical traditions and the more mundane but ethically pressing realms of society custom and civilized life The present volume explores such issues anew through a series

of original essays on the mystical traditions themselves from Kabbalah to Chinese religion and on some of the most pressing theoretical issues and theorists from Bergson to Schuon of the twentieth century study of religion **Mysticism and Morality** Arthur Coleman Danto,1972

Mysticism and Morality ,1976 *Mysticism And Morality* Arthur C.

Danto,1973-01-16 **The Two Sources of Morality and Religion** Henri Bergson,1954 The two sources of morality and religion Henri Bergson,1949

Georges Bataille and the Mysticism of Sin Peter Tracey Connor,2000-02-10 Peter Connor argues that literary scholars eager to represent Bataille as a philosopher or as an early deconstructionist have tended to neglect or misunderstand Bataille s interest in mysticism His study is intended to correct this distorted view of Bataille giving us a more complete picture of the complex and influential writer *Philosophy of Mysticism* Richard H.

Jones,2016-03-23 A comprehensive exploration of the philosophical issues raised by mysticism This work is a comprehensive study of the philosophical issues raised by mysticism Mystics claim to experience reality in a way not available in normal life a claim which makes this phenomenon interesting from a philosophical perspective Richard H Jones s inquiry focuses on the skeleton of beliefs and values of mysticism knowledge claims made about the nature of reality and of human beings value claims about what is significant and what is ethical and mystical goals and ways of life Jones engages language epistemology metaphysics science and the philosophy of mind Methodological issues in the study of mysticism are also addressed

Examples of mystical experience are drawn chiefly from Buddhism and Advaita Vedanta but also from Christianity Judaism Islam and Daoism This is a significant extension of the seminal work by Walter Stace *Mysticism and Philosophy* That work has stimulated much literature all of which Jones manages to review here He critically extends Stace s universal core and embeds it in a sophisticated discussion of the extent range and metaphysical implications of mysticism Ralph W Hood Jr

coauthor of *The Psychology of Religion An Empirical Approach* **The Basis of Morality** Annie Besant,2019-12-02 In *The Basis of Morality* Annie Besant delves into the intricate interplay between ethics spirituality and human behavior Written

with a clarity that invites both intellectual rigor and personal reflection Besant artfully examines the foundations of moral principles through the lens of Theosophy a philosophical system she ardently championed The work is distinguished by its blend of philosophical discourse and practical application challenging readers to scrutinize societal norms while exploring the higher ideals that govern ethical conduct As Besant posits morality is not merely a collection of rules but a deep seated understanding of interconnectedness among all living beings Annie Besant was a prominent social reformer writer and lecturer whose life journey traversed the realms of theosophy women s rights and Indian independence Her profound commitment to social justice and her belief in the spiritual evolution of humanity influenced her philosophical thought and writing Besant s synthesis of Eastern and Western philosophies provides an enriching backdrop for her exploration of morality drawing from a wealth of cultural and spiritual traditions Readers interested in the complexities of ethics and the quest for moral clarity will find *The Basis of Morality* an invaluable resource Besant s insights encourage a transformative

understanding of morality that resonates with contemporary discussions around ethics making it a pertinent text for anyone seeking to navigate the moral landscape of our times In this enriched edition we have carefully created added value for your reading experience A succinct Introduction situates the work s timeless appeal and themes The Synopsis outlines the central plot highlighting key developments without spoiling critical twists A detailed Historical Context immerses you in the era s events and influences that shaped the writing A thorough Analysis dissects symbols motifs and character arcs to unearth underlying meanings Reflection questions prompt you to engage personally with the work s messages connecting them to modern life Hand picked Memorable Quotes shine a spotlight on moments of literary brilliance Interactive footnotes clarify unusual references historical allusions and archaic phrases for an effortless more informed read

Mysticism and

Vocation James R. Horne,2006-01-01 We tend to think that a person who is both reasonable and moral can have a good life What constitutes a life that is not only good but superlative or even marvellous or holy Those who have such lives are called sages heroes or saints and their lives can display great integrity as well as integration with a transformative Spiritual Presence Does it follow that saints are perfect people Is there a common vision that impels them to seek holiness In a controversial interpretation of mysticism Horne suggests that there is no single formula for the meaning of life and no one story that displays it to us Mysticism rather than being just a visionary perception then becomes a problem solving process that brings about a creative transformation of the personality at a critical stage in life He suggests also that saints may be imperfect morally and describes true saints as double minded they are serious in a playful way Mysticism and Vocation illuminates our understanding of saintly lives by explicating their mystical characteristics and extending discussions of mysticism to explain its role in active lives In discussing important decisions that go beyond conventional morality it adds to recent philosophical arguments by Charles Taylor Alasdair MacIntyre Iris Murdoch Bernard Williams and others to the effect that morality should be defined more broadly to deal with the human condition This book will be of interest to students of philosophy and religious studies in both graduate and undergraduate programs
