## **Mythic Voice Of Statius:**

The Mythic Voice of Statius William J. Dominik, 1994 This critical study of Statius' *Thebaid* focuses on the central theme of power how it is exercised on the supernatural and human levels the consequences of its pursuit and abuse in terms of the human condition and the question of its contemporary relevance

### **Anticipation and Anachrony in Statius' Thebaid**

Robert Simms, 2019-10-03 Applying the latest narratological theory and focusing on the use of anachrony or chronological deviation this book explores how Statius competes successfully for a place within an established literary canon Given the tremendous pressure on poets to render familiar stories in unfamiliar and novel ways how did he achieve this When Statius elected to sing of the quarrelsome sons of Oedipus he was acutely aware that this was a well trod road one frequently reproduced in a variety of genres epic drama and lyric poetry Despite this highly varied corpus against which he sought to contend he boasts that his epic has novelty and proudly declares that he is now counted among the *prisca nomina* or ancient names that sang of Thebes And indeed precisely the fact that there were so many story versions a greater number survive for comparison than for any other work from antiquity rivaling even the popularity of the Trojan legend means that the story is conveniently positioned to offer a unique exploration into how Statius creates a compelling story despite working within a saturated and overly familiar mythic tradition This book argues that it is chiefly through the use of narrative anachrony or non chronological modes of narration that Statius manipulates states of anticipation suspense and even surprise in his audience

Lucan and Flavian Epic Kyle Gervais, Randall Pogorzelski, Sarah Graham-Shaughnessy, 2023-12-11 Roman imperial epic is enjoying a moment in the sun in the twenty first century as Lucan Valerius Flaccus Statius and Silius Italicus have all been the subject of a remarkable increase in scholarly attention and appreciation Lucan and Flavian epic characterizes and historicizes that moment showing how the qualities of the poems and the histories of their receptions have brought about the kind of analysis and attention they are now receiving Serving both experienced scholars of the poems and students interested in them for the first time this book offers a new perspective on current and future directions in scholarship

A Companion to the Flavian Age of Imperial Rome Andrew Zissos, 2016-03-07 A Companion to the Flavian Age of Imperial Rome provides a systematic and comprehensive examination of the political economic social and cultural nuances of the Flavian Age 69-96 CE Includes contributions from over two dozen Classical Studies scholars organized into six thematic sections Illustrates how economic social and cultural forces interacted to create a variety of social worlds within a composite Roman empire Concludes with a series of appendices that provide detailed chronological and demographic information and an extensive glossary of terms Examines the Flavian Age more broadly and inclusively than ever before incorporating coverage of often neglected groups such as women and non Romans within the Empire

**Writing Politics in Imperial Rome** W.J. Dominik, J. Garthwaite, P.A. Roche, 2009-05-15 Roman literature is inherently political in the varied contexts of its production and the abiding concerns of its subject matter This collection examines the strategies and

techniques of political writing at Rome in a broad range of literature spanning almost two centuries differing political systems climates and contexts It applies a definition of politics that is more in keeping with modern critical approaches than has often been the case in studies of the political literature of classical antiquity By applying a wide variety of critically informed viewpoints this volume offers the reader not only a long view of the abiding techniques strategies and concerns of political expression at Rome but also many new perspectives on individual authors of the early empire and their republican precursors

**Statius, Thebaid 12** Karla Pollmann,2004 Der hier vorgelegte Band stellt den ersten ausf hrlichen Kommentar zum 12 Buch von Statius epischer Dichtung Thebais 1 Jh n Chr dar welche davor nur von Caspar von Barth 1664 und Abraham John Valpy 1824 lateinisch annotiert worden war Dieses lange von der Forschung vernachl ssigte Werk hat j

ngst wegen seiner literarischen Qualit t wieder vermehrt Aufmerksamkeit erregt

### **Wordplay and Powerplay in Latin Poetry**

Phillip Mitsis,Ioannis Ziogas,2016-07-28 The political allegiances of major Roman poets have been notoriously difficult to pin down in part because they often shift the onus of political interpretation from themselves to their readers By the same token it is often difficult to assess their authorial powerplays in the etymologies puns anagrams telestichs and acronyms that feature prominently in their poetry It is the premise of this volume that the contexts of composition performance and reception play a critical role in constructing poetic voices as either politically favorable or dissenting and however much the individual scholars in this volume disagree among themselves their readings try to do justice collectively to poetry s power to shape political realities The book is aimed not only at scholars of Roman poetry politics and philosophy but also at those working in later literary and political traditions influenced by Rome s greatest poets
