Koch, 2005-12-16 This encyclopedia covers the entirety of the Celtic world both through time and across geography Although emphasizing the areas where Celtic languages and traditions survive into the present the work does not slight the reaches of the Celtic empire which was the largest language and cultural group on earth prior to the rise of Rome In some 1 500 articles many representing original research by the finest Celtic scholars the work covers the Celts from prehistory to the present giving comprehensive treatment to all topics from myth to music religion to rulers literature to language government to games and all topics in between At Swim-Two-Birds Flann O'Brien, 1998 A wildly comic send up of Irish literature and culture *At Swim Two Birds* is the story of a young lazy and frequently drunk Irish college student who lives with his curmudgeonly uncle in Dublin When not in bed where he seems to spend most of his time or reading he is composing a mischief filled novel about Dermot Trellis a second rate author whose characters ultimately rebel against him and seek vengeance From drugging him as he sleeps to dropping the ceiling on his head these figures of Irish myth make Trellis pay dearly for his bad writing Hilariously funny and inventive *At Swim Two Birds* has influenced generations of writers opening up new possibilities for what can be done in fiction It is a true masterpiece of Irish literature **British Medical Journal**, 1920
