

THE HUMAN AURA.

The 1st Principle, Linga, Etheric Double or Shadow Body is not indicated on plate in order not to overcrowd it.

Of the material Emanations from the Body, only the Electric or Health Aura is indicated by the vertical lines, but the Magnetic and Caloric Emanations are not represented, as they crowd into the same space as the Pranic and Tatwic Auras, Columns 6 and 7.

The whole drawing is not in absolute proportion, the Tatwic colored and Geometrical Emanations having been kept nearly to their natural size, in order to make them apparent, while the others, going outward, have been greatly reduced, to fit in the page.

The natural colors are much more blended, ethereal, delicate and subdued than can possibly be reproduced.

General Perspective View of the Human Auras.
