Champagne,1992 Prometheus Bound Aeschylus,2021-11-14 Prometheus Bound Aeschylus Prometheus Bound is an Ancient Greek tragedy In antiquity it was attributed to Aeschylus but now is considered by some scholars to be the work of another hand and perhaps one as late as c 430 BC Despite these doubts of authorship the play s designation as Aeschylean has remained conventional The tragedy is based on the myth of Prometheus a Titan who defies the gods and gives fire to mankind acts for

which he is subjected to perpetual punishment The play is composed almost entirely of speeches and contains little action since its protagonist is chained and immobile throughout At the beginning Kratos Authority Bia violence and the smith god Hephaestus chain the Titan Prometheus to a mountain in the Caucasus with Hephaestus alone expressing reluctance and pity and then departing According to the author Prometheus is being punished not only for stealing fire but also for thwarting Zeus's plan to obliterate the human race This punishment is especially galling since Prometheus was instrumental in Zeus's victory in the Titanomachy The Oceanids appear and attempt to comfort Prometheus by conversing with him Prometheus cryptically tells them that he knows of a potential marriage that would lead to Zeus's downfall A Titan named Oceanus commiserates with Prometheus and urges him to make peace with Zeus Prometheus tells the chorus that the gift of fire to mankind was not his only benefaction in the so-called Catalogue of the Arts 447-506 he reveals that he taught men all the civilizing arts such as writing medicine mathematics astronomy metallurgy architecture and agriculture Prometheus is then visited by Io a human maiden pursued by a lustful Zeus the Olympian transformed Io into a cow and a gadfly sent by Zeus's wife Hera has chased Io all the way from Argos Prometheus forecasts Io's future travels telling her that Zeus will eventually end her torment in Egypt where she will bear a son named Epaphus He says one of her descendants an unnamed Heracles thirteen generations hence will release him from his own torment Finally Hermes the messenger god is sent down by the angered Zeus to demand that Prometheus tell him who threatens to overthrow him Prometheus refuses and Zeus strikes him with a thunderbolt that plunges Prometheus into the abyss

**Myth and Philosophy** Lawrence J. Hatab, 1990 Hatab's work is more than an interpretative study inspired by Nietzsche and Heidegger of the historical relationship between myth and philosophy in ancient Greece Its conclusions go beyond the historical case study and amount to a defence of the intelligibility of myth against an exclusively rational or objective view of the world *Classical Mythology* Stephen L. Harris, Gloria Platzner, 1998
