Woodbridge, 2015-12-25 In this collection literary scholars theorists and historians deploy new economic techniques to illuminate English Renaissance literature in fresh ways Contributors variously explore poetry's precarious perch between gift and commodity the longing for family in *The Comedy of Errors* as symbolically expressing the alienating pressures of mercantilism Measure for Measure's representation of singlewomen and the feminization of poverty the collision between two views of money in a possible collaboration between Shakespeare and Middleton the cultural spread of an accounting mentality and quantitative thinking and money as it crosses the frontier between price and pricelessness and from early bodily injury insurance schemes to *The Merchant of Venice* **The Oxford Companion to Shakespeare**, **A Companion to Renaissance Drama** Arthur F. Cerasano, 1996-03 Medieval and Renaissance Drama in England is an international volume published every year in hardcover containing essays and studies as well as book reviews of the many significant books and essays dealing with the cultural history of medieval and early modern England as expressed by and realized in its drama exclusive of Shakespeare **Shakespeare's Universal Wolf** Hugh Grady, 1996 Shakespeare was neither a Royalist defender of order and hierarchy nor a consistently radical champion of social equality but rather simultaneously radical and conservative as a critic of emerging forms of modernity Hugh Grady argues that Shakespeare's social criticism in fact often parallels that of critics of modernity from our own Postmodernist era that the broad analysis of modernity produced by Marx Horkheimer and Adorno Foucault and others can serve as a productive enabling representation and critique of the emerging modernity represented by the image in *Troilus and Cressida* of an universal wolf of appetite power and will The readings of *Troilus and Cressida* *Othello* *King Lear* and *As You Like It* in

Shakespeare's Universal Wolf demonstrate Shakespeare's keen interest in what twentieth century theory has called reification a term which designates social systems created by human societies but which confronts those societies as operating beyond human control according to an autonomous systems logic in nascent mercantile capitalism in power oriented Machiavellian politics and in the scientific value free rationality which Horkheimer and Adorno call instrumental reason

*The Jew of Malta: A Critical Reader* Robert A. **Transnational Exchange in Early Modern Theater** Robert Henke, Eric Nicholson, 2008 Emphasizing a performative and stage centered approach this book considers early modern European theater as an international phenomenon Early modern theater was remarkable both in the ways that it represented material and symbolic exchanges across borders but also in the ways that it enacted them In analyzing theater as a medium of dialogic communication the volume emphasizes cultural relationships of exchange and reciprocity more than unilateral encounters of hegemony and domination

**Marlowe's Republican Authorship** Patrick Cheney, 2009-02-15 This book argues broadly that any historical narrative about republicanism needs to place Marlowe at the front of its genealogy and that his interest in republican ideals is sustained from the beginning to the end of his meteoric career More specifically this study will nonetheless argue that it is difficult to discern a clear republican form of government in Marlowe's works What we can discern is republican representation the author's representational foregrounding of his own republican frame of art This study is the first to situate the complex Marlowe corpus within the context of the advent of English Republicanism **Research Opportunities in Renaissance Drama**, 2001 *The Huntington Library Quarterly* Henry E.
