Married To The Church:

Marriage David Engelsma, 2014 Although this book's controversial contention that marriage is an unbreakable bond for life gets the most attention today the book is a mainly positive explanation and application of the Bible's teaching about marriage in all of marriage's aspects Marriage is a Reformed pastor's instruction and exhortation to married couples especially young married couples with the purpose that they glorify God in their marriages and enjoy the bliss of this blessed communion of life The timeliness of the book is evident simply from the rate of divorce not alone in North America in the early twenty first century but also in Reformed churches throughout the world The second section is a history of the church's doctrine and practice of marriage from Augustine and the early church through Calvin and the Reformation to the contemporary chaos

THAT LAST Ted Lowe and Doug Fields show how the church is uniquely positioned despite being overcommitted in time and resources to be in the business of building marriages For every ministry leader pastor age group minister family minister even the dedicated volunteer this book offers a vision and a step by step strategy for empowering marriages and strengthening the church in the process
