Marshal Makes His Report A Marshal Guarnaccia Mystery:

The Marshal Makes His Report Magdalen Nabb, 2008-09-01 The eighth Marshal Guarnaccia investigation A member of one of the oldest aristocratic families in Florence is dead When Marshal Guarnaccia arrives at the scene in the courtyard of the crumbling Palazzo Ulderighi he knows instinctively that something is amiss The evidence suggests suicide the family including the victim's wife the financially troubled Marchesa Ulderighi insists it was an accident and the Marshal suspects something far more malevolent While mounting an investigation against the Florentine elite means putting his very career on the line Marshal Guarnaccia remains determined to see justice done *Crime Scenes*, 2021-11-01 The essays in this collection are based on papers given at a conference on detective fiction in European culture held at the University of Exeter in September 1997 The range of topics covered is designed to show not only the presence and variety of narratives of detection across different European countries and their different media although there is a predictable emphasis on the novel It also illustrates the fertility of the genre its openness to a spectrum of readings with different emphases formal as well as thematic Approaches to detective fiction have often tended to confine themselves to symptomatic interpretation where details of the fictional world represented are used to diagnose a specific set of social preoccupations and priorities operative at the time of writing Such approaches can yield valuable insights Nonetheless there is a risk of limiting the value of the genre as a whole solely to its role as a mirror held up to society In this perspective issues of structure and style are sidelined or if addressed are praised to the extent that they approach invisibility concision spareness realism are the qualities singled out for praise The genre also gives much scope for formal innovation and indeed has often attracted already established mainstream writers and filmmakers for just this reason The eclectic diversity of the detective narratives considered in this volume reveal the malleability of the traditional constraints of the genre The essays bear rich testimony to the value of considering the interplay of thematic and structural issues even in the most apparently unselfconscious and popular or populist forms of narrative The patterns of reassurance the triumph of intellect and the ordered rational world of old are now challenged by the need to foreground the problems ambiguities and uncertainties of the self and of society The plurality of meanings and the antithetical imperatives explored in these detective narratives confirm that the most recent forms of the genre are not mere palimpsests of their golden age precursors The subversion of traditional expectations and the implementation of diverse stylistic devices take the genre beyond mere homage and pastiche The role of the reader spectator and critic in conferring meaning is a crucial one **St. James Guide to Crime & Mystery Writers** Jay P. Pederson, Taryn Benbow-Pfalzgraf, 1996 Provides information on the most influential English language writers of the crime and mystery genre Each entry includes author biographies complete bibliographies lists of critical studies locations of manuscripts the writer's own comments on his or her work when available and an essay written by an expert of the genre **The Marshal and the Murderer** Magdalen Nabb, 2003-07-01 A young Swiss art student who commutes to a small town near Florence is reported
