## **Martin Luther King Jr And The Sermonic Power Of Public Discourse:**

*Martin Luther King Jr. and the Sermonic Power of Public Discourse* Carolyn Calloway-Thomas, John Louis Lucaites, 2005-07-10 Critical studies of the range of King's public discourse as forms of sermonic rhetoric The nine essays in this volume offer critical studies of the range of King's public discourse as forms of sermonic rhetoric They focus on five diverse and relative short examples from King's body of work Death of Evil on the Seashore Letter from Birmingham Jail I Have a Dream A Time to Break Silence and I've Been to the Mountaintop Taken collectively these five works span both the duration of King's career as a public advocate but also represent the broad scope of his efforts to craft and project a persuasive vision a beloved community that persists through time *Social Controversy and Public Address in the 1960s and Early 1970s* Richard J. Jensen, 2017-10-01 The period between the 1960s and 1970s is easily one of the most controversial in American history Examining the liberal movements of the era as well as those that opposed them this volume offers analyses of the rhetoric of leaders including those of the civil rights movement the Chicano movement the gay rights movement second wave feminism and conservative resistance groups It also features an introduction that summarizes much of the significant research done by communication scholars on dissent in the 1960s and 1970s This time period is still a fertile area of study and this book provides insights into the era that are both provocative and illuminating making it an essential read for anyone looking to learn more about this time in America **"Right Makes Might"** Wolfgang Mieder, 2019-04-04 A powerful and timely addition to the literature of rhetoric and folklore Choice In 1860 Abraham Lincoln employed the proverb Right makes might opposite of the more aggressive Might makes right in his famed Cooper Union address While Lincoln did not originate the proverb his use of it in this critical speech indicates that the fourteenth century phrase had taken on new ethical and democratic connotations in the nineteenth century In this collection famed scholar of proverbs Wolfgang Mieder explores the multifaceted use and function of proverbs through the history of the United States from their early beginnings up through their use by such modern day politicians as Barack Obama Hillary Rodham Clinton and Bernie Sanders Building on previous publications and unpublished research Mieder explores sociopolitical aspects of the American worldview as expressed through the use of proverbs in politics women's rights and the civil rights movement and by looking at the use of proverbial phrases Mieder demonstrates how one traditional phrase can take on numerous expressive roles over time and how they continue to play a key role in our contemporary moment **You Talkin' To Me?** Sam Leith, 2011-10-20 Rhetoric gives our words the power to inspire But it's not just for politicians it's all around us whether you're buttering up a key client or persuading your children to eat their greens You have been using rhetoric yourself all your life After all you know what a rhetorical question is don't you In this updated edition of his classic guide Sam Leith traces the art of argument from ancient Greece down to its many modern mutations He introduces verbal villains from Hitler to Donald Trump and the three musketeers ethos pathos and logos He explains how rhetoric works in speeches from Cicero to Richard

Nixon and pays tribute to the rhetorical brilliance of AC DC's Back In Black Before you know it you'll be confident in chiasmus and proud of your panegyrics because rhetoric is useful relevant and absolutely nothing to be afraid of *Black Zion* Yvonne Patricia Chireau, Nathaniel Deutsch, 2000 This is an exploration of the interaction between African American religions and Jewish traditions beliefs and spaces The collection's argument is that religion is the missing piece of the cultural jigsaw and black Jewish relations need the religious roots of their problem illuminated *From Emerson to King* Anita Haya Patterson, 1997 This book traces a provocative line from Emerson's work on race reform and identity to work by three influential African American thinkers W E B Du Bois Martin Luther King Jr and Cornel West each of whom offers subtle engagement with both the tradition of written protest and the critique of liberalism Emerson shaped Emerson has been cast in recent debate as either an antinomian or an ideologue as either subversive of institutional controls or indebted to capitalism Here Patterson contributes a more nuanced view probing Emerson's record and its cultural and historical matrix to document a fundamental rhetoric of contradiction a strategic aligning of opposed political concepts that enabled him to both affirm and critique elements of the liberal democratic model Drawing richly on topics in political philosophy law religion and cultural history Patterson examines the nature and implications of Emerson's contradictory rhetoric in parts I and II In part III she considers Emerson's legacy from the perspective of African American intellectual history identifying fresh continuities and crucial discontinuities between the canonical strain of protest writing Emerson helped establish and African American literary and philosophical traditions **The Legacy of Martin Luther King, Jr** Lewis V. Baldwin, 2002 This volume explores the development of Martin Luther King Jr's understanding of the relationship between religion morality law and politics This work is part of a broader effort by scholars in various fields to examine unexplored areas in the life thought and activism of Martin Luther King Jr This study is also an in depth analysis of King's views on the roles that religion and morality ought to play not only in public debate concerning political choices and law but also in efforts to create political and legal structures that are just and to perpetuate participatory democracy Beginning with the social political and economic implications of King's vision of the New South and his prophetic critique of southern civil religion this study casts King in the role of political liberal consummate politician and political theologian This book focuses attention on King's refusal to separate religious faith and moral considerations from politics legal matters and social reformism It demonstrates King's remarkable ability to transcend church state boundaries and to formulate an alliance that permeated every facet of American life *Martin Luther King and the Rhetoric of Freedom* Gary S. Selby, 2008 Selby explains how King constructed a symbolic framework for interpreting the setbacks of the Civil Rights movement even as he challenged them to remain faithful to the cause *Martin Luther King in the African American Preaching Tradition* Valentino Lassiter, 2001 Although it is well known that Martin Luther King Jr borrowed ideas from non Christian faith traditions and was strongly influenced by European theologians and philosophers he remained well grounded in the African American preaching tradition Valentino

Lassiter shows that King's musical delivery style was only one aspect of this tradition. The content of his sermons which expressed steadfast determination in the struggle for justice and the assurance of a just God who willed freedom for all has its roots in biblical lections delivered by slave preachers. This book is an important resource for pastors, seminarians and for those interested in African American history. *The QUARTERLY JOURNAL of SPEECH*, 1994

**Presidential Temples** Benjamin Hufbauer, 2005. This book explores the visual and material cultures of presidential commemoration: memorials and monuments, libraries and archives, and the problematic ways in which presidents themselves have largely taken over their own commemoration. The author sees these various commemorative sites as playing a key role in the construction of our collective political and cultural self-images and as another sign of our preoccupation with celebrity culture. Ultimately, he contends these presidential temples reflect not only our civil religion but also the extraordinary expansion of executive authority and presidential self-commemoration since FDR. *The Mississippi Quarterly*, 1994

**The Literary Griot**, 1997

*An Inescapable Network of Mutuality* Fredrik Sunnemark, 2001

**Readings on the Rhetoric of Social Protest** Charles E. Morris, Stephen H. Browne, 2006

**The Art of Rhetorical Criticism** Jim A. Kuypers, 2005. Covering a broader range of rhetorical perspectives, *The Art of Rhetorical Criticism* presents a thorough, accessible introduction to rhetorical criticism. Throughout the text, sample essays written by experts in the field provide students with models for writing their own criticism. In addition to covering traditional modes of rhetorical criticism, *The Art of Rhetorical Criticism* presents less commonly discussed rhetorical perspectives, for example, mythic criticism, framing analysis, and ideographical criticism, exposing students to a broad range of material. Features: Each chapter and sample essay is written by a nationally recognized scholar in that field, ensuring that students are offered the best and most current research for each perspective. Each author comments on his or her writing process to demonstrate the very personal nature of criticism. With this unique emphasis, students will begin to appreciate that writing criticism is an artistic process and not a simple formula. The Potentials and Pitfalls feature in each chapter highlights the strengths and weaknesses, pros and cons of the rhetorical perspective being discussed. Each chapter includes a short, accessible sample essay written specifically with the student audience in mind, offering students a model of rhetorical criticism for their own assignments.

**The Encyclopedia of Civil Rights in America: Price, U.S. vs** David Bradley, Shelley Fisher Fishkin, 1998. Contains 683 alphabetically arranged articles that provide information about the history, meaning, and application of civil rights issues in the United States, covering people, places, events, politics, laws, government agencies, court cases, and other topics. *West Virginia Law Review*, 2007

**Landmark Essays on American Public Address** Martin J. Medhurst, 1993. First Published in 1995. Routledge is an imprint of Taylor & Francis, an information company. *Mississippi Quarterly*, 1993
