Marx Vita Pubblica E Privata:

Marx. Vita pubblica e privata Francis Wheen, 2001 Anatomy of the Red Brigades Alessandro Orsini, 2011-04-15 The Red Brigades were a far left terrorist group in Italy formed in 1970 and active all through the 1980s Infamous around the world for a campaign of assassinations kidnappings and bank robberies intended as a concentrated strike against the heart of the State the Red Brigades most notorious crime was the kidnapping and murder of Italy's former prime minister Aldo Moro in 1978 In the late 1990s a new group of violent anticapitalist terrorists revived the name Red Brigades and killed a number of professors and government officials Like their German counterparts in the Baader Meinhof Group and today's violent political and religious extremists the Red Brigades and their actions raise a host of questions about the motivations ideologies and mind sets of people who commit horrific acts of violence in the name of a utopia In the first English edition of a book that has won critical acclaim and major prizes in Italy Alessandro Orsini contends that the dominant logic of the Red Brigades was essentially eschatological focused on purifying a corrupt world through violence Only through revolutionary terror Brigadists believed could humanity be saved from the putrefying effects of capitalism and imperialism Through a careful study of all existing documentation produced by the Red Brigades and of all existing scholarship on the Red Brigades Orsini reconstructs a worldview that can be as seductive as it is horrifying Orsini has devised a micro sociological theory that allows him to reconstruct the group dynamics leading to political homicide in extreme left and neo-Nazi terrorist groups This subversive revolutionary feedback theory states that the willingness to mete out and suffer death depends in the last analysis on how far the terrorist has been incorporated into the revolutionary sect Orsini makes clear that this political religious concept of historical development is central to understanding all such self-styled purifiers of the world From Thomas M ntzer's theocratic dream to Pol Pot's Cambodian revolution all the violent purifiers of the world have a clear goal to build a perfect society in which there will no longer be any sin and unhappiness and in which no opposition can be allowed to upset the universal harmony Orsini's book reconstructs the origins and evolution of a revolutionary tradition brought into our own times by the Red Brigades Sangue e plusvalore Luca Cangianti, 2015-01-09 Un romanzo horror divertentissimo e al tempo stesso una geniale introduzione al pensiero di Karl Marx Per mano di un autore che ha stile e cultura da vendere oltre a un originalit sorprendente Virtuosismo nel suo caso la sola descrizione adeguata Valerio Evangelisti Di lui sapete sicuramente che fu un filosofo sovversivo dell'Ottocento Ma la sua impresa pi estrema raccontata in questo romanzo di orrore soprannaturale ambientato tra le barricate della Parigi comunarda e le fabbriche della Londra vittoriana Stiamo parlando di Karl Marx Una storia d'orrore soprannaturale d'amicizia e d'amore travolgente ambientata tra le barricate della Parigi comunarda e le fabbriche della Londra vittoriana Un protagonista fuori dal comune Karl Marx nel pieno d'una depressione esistenziale dovuta al fallimento della rivoluzione europea del 1848 e alle miserie dell'esilio Un giovane in cerca di verit sulle orme del padre suicida e una ragazza anticonformista che si batte per l'emancipazione della donna Sono questi gli

ingredienti principali di Sangue e plusvalore una storia incredibile che s incastra perfettamente tra gli eventi storici noti colmandone gli interstizi ignoti Il verificarsi di incidenti raccapriccianti e di fenomeni anomali in uno stabilimento produttivo spingono il filosofo e il suo giovane segretario a intraprendere un'avventura fatta di travestimenti sopralluoghi notturni scioperi agguati morti violente e fughe precipitose Nel fuoco della lotta contro creature da incubo Marx mette a dura prova le sue stesse teorie in un contesto straniente dove in gioco sono la vita e la morte Luca Cangianti si laureato prima in Filosofia e poi in Sociologia lavora nel campo della comunicazione e delle relazioni pubbliche a livello nazionale e internazionale Scrive sulla webzine Carmillaonline.com
