Zermatt takes around an hour. Also like Zermatt the village of Saas Fee is technically car free served only by a swarm of electric taxi carts. The swarm here however is considerably smaller and less menacing. Drivers park in the nine story cliff side garage on the village edge and from the garage loading bays telephone hotels for pickup. Visitors arriving by train must bus in from Brig or Visp. Guests here split into two distinct camps. One those who've come for the small resort exclusivity and those who've come for the big mountain recreation. Both camps enjoy the views from the Allalin where the world's highest revolving restaurant the Drehrestaurant Metro Alpin does a full rotation each hour. Steps away adventurers stroll through the largest ice pavilion in the world the Mittelallalin Eispavillon a cave carved out of the glacier and embellished with sculptures and a chapel. At the heart of the Alps lies Switzerland at the heart of Switzerland lies the Jungfrau region and at the heart of the Jungfrau lies Interlaken. Tucked away in what is arguably the most spectacular Alpine scenery in the world Interlaken enjoys renown for its diversity of outdoor adventures and its role as the Jungfrau region's mountain transportation hub. It's an inviting town. One a busy bustling place with back alleys few tourists take time to explore. These are just a few of the Swiss gems explored in this guide equivalent to 160 print pages and loaded with detail on all the restaurants hotels shops and activities you'll want to know about. Plus there are maps and photos throughout. This is an excerpt from the much larger Adventure Guide to the Alps which runs 500 pages in print and covers the German French Austrian and Italian Alps as well.
