*The Catholic Biblical Quarterly* ,2007 Includes various reports of the Association Origin and Transformation of the Ancient Israelite Festival Calendar Jan A. Wagenaar,2005 The book focusses on the origin and transformation of the priestly festival calendar Since the epoch making work of Julius Wellhausen at the end of the 19th century the differences between the various ancient Israelite festival calendars have often been explained in terms of a gradual evolution which shows an increasing historicisation denaturalisation and ritualisation The festivals were in Wellhausen s view gradually detached from agricultural conditions and celebrated more and more at fixed points in the year This study tries to show that the changes in the priestly festival calendar reflect a conscious effort to adapt the ancient Israelite festival calendar to the semi annual layout of the Babylonian festival year The ramifications of the change only come to the fore after a careful study of the agricultural conditions of ancient Israel and Mesopotamia makes clear that passover and the festival of unleavened bread were originally celebrated in the second month of the year The first month of the year envisaged by the priestly festival calendar for the celebration of passover and the festival of unleavened bread in turn mirrors the date of one of the two semi annual Babylonian New Year festivals The two Babylonian New Year festivals were celebrated exactly six months apart at the vernal and autumnal equinoxes In order to adapt the ancient Israelite festival calendar to the Babylonian scheme with two New Year festivals a year the date of passover and the festival of unleavened bread had to be moved up by one month The consequences for the origin of passover the festival of unleavened bread the festival of weeks and the festival of huts are charted and the relations between the various ancient Israelite festival calendars are determined anew **Christian Marriage** Glenn Warren Olsen,2001 **The Journal of Jewish Studies** ,2003 **Echoes of the Exodus Narrative in the Context and Background of Galatians 5:18** William N. Wilder,2001 In Galatians 5 18 Paul declares that if you are led by the Spirit you are not under the law In this study William N Wilder departs from conventional interpretations by arguing that the language of Galatians 5 18 represents Paul s new exodus understanding of the Christian experience According to

Wilder Paul consistently uses the phrase under the law to refer to a bondage he understood as particular to the Jews with strong connotations of a specifically Egypt like slavery attached to this phrase in Galatians Wilder also argues that the typological association of the Spirit and the exodus cloud found elsewhere in Paul in a comparison of 1 Corinthians 10 1 4 and 1 Corinthians 12 13 is likewise assumed in the phrase led by the Spirit and may be traced back to the Old Testament prophetic literature and Psalms Hag 2 4 5 Isa 63 11 14 Neh 9 19 20 Ps 143 10 The author gives special attention to the influence of Psalm 143 on Paul s theology contending that it provides an Old Testament source both for the new exodus assumptions in Galatians 5 18 and for the apocalyptic flesh Spirit antithesis that dominates the larger context of that verse

The "foreignness" of the Foreign Woman in Proverbs 1-9 Nancy Nam Hoon Tan,2008 This study is on the figure and also commonly called the Strange Woman in Proverbs 1 9 It is an attempt to understand the meaning which defines her and the origin and development of her motif The first part argues against defining her as a sexual predator but as an ethnic foreigner according to the lexical studies of and It traces her origin within the Hebrew scripture the legal documents and especially to the DtrH s portrayal of foreign women wives Hence it distinguishes the two motifs the motif of the adulteress and the motif of the foreign woman the latter which symbolizes the temptation to apostasy The study will then go on to explain how the writer of Proverbs 1 9 employs this motif of the foreign woman in his poetic composition The second part tracks the development of this motif through the subsequent Jewish Wisdom literature and observes how it changes and loses the foreignness of her original motif in Eccl 7 26 4Q184 LXX Proverbs Hebrew Ben Sira Greek Ben Sira and finally disappears in Wisdom of Solomon It proffers to understand this gradual transformation against a background of social and religious change *The Separation of Matthew's Community from the Synagogue* Stephen Michael Willis,2006
