Martin Fierro II Clasicos De Siempre:

Martin Fierro II José Hernández, 2004-06 En esta segunda parte el protagonista se desdobra en algunos personajes que prolongan o repiten la aventura central los dos hijos de Fierro y el hijo de Cruz ya muerto Martín se rene por fin con sus hijos y vuelve al seno de la sociedad sacrifica gran parte de su preciada independencia y se resigna tomando una nueva actitud para reconocer y aceptar la realidad imposible de cambiar la cual se manifiesta en la civilización y transformación del país El mito del autor de Martín Fierro fue llevar a la literatura la vida de un gaucho contándola en primera persona con sus propias palabras y empapado de su espíritu En el gaucho Hernández descubrió la encarnación del coraje y la integridad de una vida independiente El hecho de considerar que el gaucho era el verdadero representante del carácter argentino lo puso en directa oposición con poderosos intereses políticos

Law and Democracy in the Empire of Force James Boyd White, H. Jefferson Powell, 2009-05-05 The authors of this book share a concern for the state of law and democracy in our country which to many seems to have deteriorated badly Deep changes are visible in a wide array of phenomena judicial opinions the teaching of law legal practice international relations legal scholarship congressional deliberations and the culture of contemporary politics In each of these intersections between law culture and politics traditional expectations have been transformed in ways that pose a threat to the continued vitality and authority of law and democracy The authors analyze specific instances in which such a decline has occurred or is threatened tracing them to the empire of force a phrase borrowed from Simone Weil This French intellectual applied the term not only to the brute force used by police and soldiers but more broadly to the underlying ways of thinking talking and imagining that make that sort of force possible including propaganda unexamined ideology sentimental clichés and politics by buzzwords all familiar cultural forms Based on the underlying crisis and its causes the editors and authors of these essays agree that neither law nor democracy can survive where the empire of force dominates Yet each manages to find a ground for hope in our legal and democratic culture H. Jefferson Powell is Frederic Cleaveland Professor of Law and Divinity at Duke University and has served in both the federal and state governments as a deputy assistant attorney general and as principal deputy solicitor general in the U.S. Department of Justice and as special counsel to the attorney general of North Carolina His latest book is *Constitutional Conscience The Moral Dimension of Judicial Decision* James Boyd White is Hart Wright Professor of Law emeritus and Professor of English emeritus at the University of Michigan His latest book is *Living Speech Resisting the Empire of Force* An extraordinary collection of provocative insightful and inspiring essays on the future of law and democracy in the twenty-first century Geoffrey R.
