*China's Three Gorges, Xi'an and the Terracotta Warriors* Simon Foster, Vivien Lougheed, 2009-10-15 This guide is based on our much larger 530 page guide to Bolivia

Here we zero in on La Paz the capital and all of the nearby attractions La Paz is not a big city on the world scale but it is certainly one of the more interesting ones Built in a bowl created by the Choqueyapu River the upper parts of the city stand 1 645 ft 500 m above the lower sections Unlike any other city in the world the richer neighborhoods are located at the lower levels This is partly due to the fact that it is warmer and easier to breathe at the lower altitudes Also the pinnacles and spires of conglomerate rock and clay that have been sculptured by wind and water make a dramatic backdrop for those living below them The higher up the bowl one goes the more unstable the land becomes and the more likely a landslide will occur The plazas squares and Prado are well kept in La Paz and even in the depth of winter plants are tended to help make the city attractive Street cleaners are out every day and local merchants regularly wash the area in front of their shops On a clear day Mount Illimani a snow covered monolith can be seen as a sentry towering over the city Valley of the Moon is six miles 10 km from the center of La Paz and can be reached by joining a tour or by taking micro bus 11 or minibus 231 or 273 to Mallasa The hillside features a maze of clay canyons and pinnacles that have been sculpted by wind and rain Narrow trails through the landscape take about an hour to walk There is also a cactus park just before the entrance The park overlooks a gorge and has paths leading around numerous types of cacti As you continue up the road you will come to Parque National Mallasa with its bird observatory and across the road the zoo area The road passes under natural stone bridges and past Chulpani's Red Hill There is no mistaking which hill this is From Mallasa one can see across the river to the highest golf course in the world Devil's Tooth or Muela del Diablo is a huge volcanic plug sticking out of the landscape to a height of 13 000 ft 3 950 m Several trails go to the right follow the one that obviously leads to the village From there go to the left for 3 miles about half a kilometer to the foot of the rock Climbers are occasionally found on the east face Canyon de Palca or Valle de Animas is a deep canyon that was carved by the Rio Palca centuries ago To get there take a bus going to Huni from Plaza Belzu on Avenida Mexico in San Pedro There are huge pinnacles and wind carved conglomerates The trail continues along the bottom of the canyon to a natural obelisk Just past the obelisk is a rock that has the appearance of a human hiding in a cave The rock is called the hermit of the canyon Continue along the canyon to its end and climb to your left up to the village of Palca This is a long day hike All of the detailed

information you need is here about the hotels restaurants shopping sightseeing But we also lead you to new discoveries turning corners you haven t turned before helping you to interact with the world in new ways That s what makes our Adventure Guides unique An excellent addition to the Adventure Guide series packed with detail from where to stay and eat to where to shop for local crafts and how to enjoy historic sites This guide surveys the wildlife and outdoor opportunities of the country which range from tropical jungle to high plains deserts Hiking and viewing opportunities blend with cultural insights Highly recommended The Midwest Book Review

**Shanghai & Surroundings Travel Adventures** Simon Foster, 2011-04-15 Eastern China is the country's boom belt and its heart is the Pearl of the Orient Shanghai a city which was recently wonderfully described to me as Hong Kong on steroids Shanghai is the country's most modern city but manages to retain both its Chinese and European history and its economic development is also helping a renaissance in culture and the arts along with a shopping and nightlife scene matched only by Beijing and Hong Kong Around Shanghai the Water Towns have picturesque canals lined with classic Ming architecture and can make for great day trips and a little further out the city of Suzhou offers more of the same albeit on a larger scale along with some of the country's finest gardens and the opportunity for some serious silk shopping Nearly 100 miles south along the Grand Canal the former Southern Song dynasty 1126-1279 capital of Hangzhou is set on pretty West Lake and is a prime tea growing region Away from the lake the city is much like any other Chinese city but the surrounding countryside and its smattering of temples and tea villages make for some excellent bike rides Some 110 miles west of Hangzhou Huangshan is arguably the most beautiful of eastern China's mountains and offers the region's finest scenery and best hiking The mountain's mist shrouded jagged peaks lone pines and perched temples are straight from a watercolor and it's no wonder Huangshan attracts so many visitors But fortunately there are enough paths to ensure you can always find yourself a quiet spot Known as the Pearl of the Orient Shanghai has endured a boom bust cycle like no other city in China and is a must see for a glimpse into the China of the future It currently has some 20 million residents A walk along the Bund on the banks of the Huangpu River offers a cityscape to rival Hong Kong's taking in the glory of Shanghai's colonial past while at the same time giving views across the river to the city of tomorrow Pudong Less than 20 years ago this was just marshy farmland but today it boasts countless skyscrapers among them China's highest tower the Pearl Oriental TV Tower and loftiest lodgings the 88 floor Grand Hyatt Traditional Chinese sights are a little sparse due to Shanghai's comparative youth but its colonial and revolutionary history over the past 150 years has left it with a series of significant political buildings What is more there are modern activities aplenty reflecting the city's dynamic and modern heart fine dining nightlife shopping and a kaleidoscope of exhibition centers and good museums await This a highly detailed guide to everything you need to know about Shanghai and its surroundings the places to stay the restaurants and what to see and do along with an extensive introductory section on

China as a whole The author lives in China and has been a tour guide there full time for close to 10 years This guide is an excerpt from his much larger guide to all of China also published by Hunter which is 650 pages in the print edition

*Hong Kong & Macau Travel Adventures* Simon Foster,2011-04-15 Fly into Hong Kong and spend a few days discovering its diverse attractions from shopping in bustling Kowloon to hiking along one of the islands well marked lush trails Eat dim sum downtown and head up Victoria Peak for an after dinner drink to remember Take a boat or a train to Guangzhou and sample yet more Cantonese delights along with some fine colonial architecture maybe stopping off in modern Shenzhen for a peek at the new China From Guangzhou take a bus train or flight to Guilin and spend a day visiting its mountainous and man made attractions The following morning take a boat along the Li River to Yangshuo where you can spend the next few days hiking and cycling through the famed idyllic limestone scenery Head back to Guilin for the return flight to Hong Kong Take the ferry over to Macau and enjoy a day or two soaking up the splendid architecture fine cuisine small fishing villages temples and beaches Whether flying into the vast ultra modern Chek Lap Kok Airport and being whisked into the city center on the hi tech ultra fast Airport Express or arriving by boat at the China Ferry Terminal Hong Kong with its population of seven million never fails to impress You instantly know you're somewhere special particularly the first time you lay eyes on the spectacle of the skyscraper filled

island from the Kowloon side After weeks or months on the road in China Hong Kong is the perfect spot for some dining shopping and splurging But if it's the great outdoors you're after there are plenty of hikes and beaches in the territory as well Hong Kong is a place where even the mildest exploration can offer stark contrast and both traditional Chinese and colonial history lurk beneath the city's slick modern exterior Whether swimming in the sea or hiking an island trail to a small shrine through lush tropical undergrowth on one of the outlying islands it's difficult to imagine that the gleaming skyscrapers are only a short boat ride away Forty miles across the water Macau also served its time as a colony and its Portuguese history has engendered a laid back ambiance unique in China which remains to this day despite a recent building boom Walking through the architectural monuments of Macau's stunning historic center you'd easily believe you were in Lisbon were it not for the occasional Taoist temple Conversely a trip out to the islands will take you on a journey into Macau's casino laden future at Cotai and then back to its past amidst the small fishing villages and beaches of yesteryear on Coloane This a highly detailed guide to everything you need to know about Hong Kong Macau and their surroundings the places to stay the restaurants and what to see and do along with an extensive introductory section on China as a whole The author lives in China and has been a tour guide there full time for close to 10 years This guide is an excerpt from his much larger guide to all of China also published by Hunter which is 650 pages in the print edition

### **Beijing and Surroundings**

Simon Foster, 2011-04-15 Arrive in Beijing and spend a few days soaking up the Imperial sights at the Forbidden City Temple of Heaven Summer Palaces and the Great Wall Spend your evenings enjoying Beijing duck opera and maybe a trip to the acrobats If you have time take a train up to Chengde and spend a couple of days enjoying the imperial retreat before returning to the capital and flying on to Xi'an Allow a full day at the Terracotta Warriors and another day to explore the fascinating walled city Make sure you enjoy a Dumpling Banquet as well as dinner in the Muslim markets Reflect on your trip in the overnight train back to Beijing Beijing literally translated means Northern Capital a title it has held since the Ming Dynasty see History and a name that still holds true today Whether imagining the past or marveling at the future this city is most definitely still the cultural political and to the Pekinese geographical heart of the Middle Kingdom While Beijing's modern appearance owes much to the Communist era and the recent influx of capitalist cash its most impressive and inspiring monuments are recognition of its long imperial tradition The scale of the city with its population of 15 million can initially be overwhelming but even a short meander into one of Beijing's remaining hutong districts brings you close to the realities of daily life and all of a sudden the city seems human again While the vast number of construction sites flyovers and mirrored skyscrapers can come as a shock to those hoping for a view of the years when Beijing was the emperor's seat a visit to any one of the principal imperial sights the Forbidden City the Temple of Heaven or the Summer Palaces easily remedies this However the greatest of Beijing's if not the world's sights lies north of the city The Great Wall never ceases to amaze and it's worth spending a couple of days out of the city to fully appreciate its majesty If you have enough time and want more

imperial splendor the rugged countryside around the capital holds Ming and Qing tombs while farther afield the Mountain Resort at Chengde was long a popular emperor's haunt and has some wild scenery along with its subdued palaces and grand temples. This a highly detailed guide to everything you need to know about Beijing and its surroundings the places to stay the restaurants and what to see and do along with an extensive introductory section on China as a whole. The author lives in China and has been a tour guide there full time for close to 10 years. This guide is an excerpt from his much larger guide to all of China also published by Hunter which is 650 pages in the print edition.
