Marxists And The Jewish Question The History Of A Debate 1843 1943:

The Marxists and the Jewish Question Enzo Traverso, 1994 The relationship of Marxism to the Jewish Question is far more complex than many have assumed Despite the Jewish backgrounds of several Marxists including Marx himself many showed a sense of indifference toward a sense of Jewishness Yet an increasingly virulent anti Semitism affecting sections of the working class and culminating in the Holocaust and in the growing strength of Zionism became a problem that numerous Marxist thinkers were compelled to consider In addition to examining the works of Marx Karl Kautsky Leon Trotsky Ber Borokhov Abram Leon and figures associated with the Frankfurt School Traverso also investigates the actual policies in the socialist and communist movements and sensitively explores the unique history of the Jewish workers movement in various countries

Revisiting the Jewish Question Elisabeth Roudinesco, 2014-03-10 What does it mean to be Jewish What is an anti Semite Why does the enigmatic identity of the men who founded the first monotheistic religion arouse such passions We need to return to the Jewish question We need first to distinguish between the anti Judaism of medieval times which persecuted the Jews and the anti Judaism of the Enlightenment which emancipated them while being critical of their religion It is a mistake to confuse the two and see everyone from Voltaire to Hitler as anti Semitic in the same way Then we need to focus on the development of anti Semitism in Europe especially Vienna and Paris where the Zionist idea was born Finally we need to investigate the reception of Zionism both in the Arab countries and within the Diaspora Re examining the Jewish question in the light of these distinctions and investigations Roudinesco shows that there is a permanent tension between the figures of the universal Jew and the territorial Jew Freud and Jung split partly over this issue which gained added intensity after the creation of the State of Israel in 1948 and the Eichmann trial in 1961 Finally Roudinesco turns to the Holocaust deniers who started to suggest that the Jews had invented the genocide that befell their people and to the increasing number of intellectual and literary figures who have been accused of anti Semitism This thorough re examination of the Jewish question will be of interest to students and scholars of modern history and contemporary thought and to a wide readership interested in anti Semitism and the history of the Jews
