Scholastica of Peter Comestor Maria Sherwood-Smith, 2000 The Historia Scholastica circa 1170 mingles biblical narrative Jewish legends and commentary and was a popular source of biblical material for authors until the Reformation Maria Sherwood Smith gives an introduction to the sources and transmission of the Latin work before investigating its reception in detail in two thirteenth century German works the Schwarzw lder Predigten and the Weltchronik of Rudolf von Ems Briefer analyses of Jacob van Maerlant s Scholastica and the Historiebijbel van 1360 provide further context Looking in this way at the different functions the work fulfils for later authors one discerns a growing awareness of the distinction between it and the text of the Bible It is suggested that this enhances the Historia Scholastica s reputation as a safeguard of orthodoxy

Cultures of Religious Reading in the Late Middle Ages Sabrina Corbellini,2013 Read often learn all that you can Let sleep overcome you the roll still in your hands when your head falls let it be on the sacred page St Jerome 384 AD With these words the Church Father Jerome exhorted the young Eustochium to find on the sacred page the spiritual nourishment that would give her the strength to live a life of chastity and to keep her monastic vows His call to read does not stand alone Books and reading have always played a pivotal role in early and medieval Christianity often defined as a religion of the book A second important stage in the development of the religion of the book can be attested in the late Middle Ages when religious reading was no longer the exclusive right of men and women living in solitude and concentrating on prayer and meditation Changes in the religious landscape and the birth of new religious movements transformed the medieval town into a privileged area of religious activity Increasing literacy opened the door to a new and wider public of lay readers This seminal transformation in the late medieval cultural horizon saw the growing importance of the vernacular the cultural and religious emancipation of the laity and the increasing participation of lay people in religious life and activities This volume presents a new interdisciplinary approach to religious reading and reading techniques in a lay environment within late medieval textual social and cultural transformations *Ons geestelijk erf* ,1985 Leuven contributions in linguistics and philology Katholieke Universiteit Leuven Instituut voor Dialectologie,1981 Catalogus van de Middelnederlandse handschriften in de Bibliotheek van de Rijksuniversiteit te Gent: De handschriften verworven vóór 1852 Rijksuniversiteit te Gent. Bibliotheek,1984 **Medieval Monks and Their World** David R. Blanks,Michael Frassetto,Amy Livingstone,2006 These essays examine the ideas that were important to monks and the intersections between the monks and the secular world The volume explores the ideas and realities that shaped the lives of monks over the medieval millennium Infant Milk Or Hardy Nourishment? Wim François,A. A. den Hollander,2009 The Pauline expressions infant milk and hardy nourishment or solid food cf 1 Cor 3 2 and Heb 5 12 14 have frequently been used by the Church fathers medieval preachers and early modern writers to voice the contrasting opinions that the words of Scripture are either simple to understand for the uneducated laity or only discernable for professional theologians Hence the present volume considers the place of the Scriptures in both lay spirituality and in theological thinking It includes a wide range of articles dealing with vernacular Bible translations intended for common people visual Bible culture Bible commentaries written by theologically and philologically skilled scholars and other related topics The essays have been arranged in a chronological order and divided into three sections the first part considering the period from 1450 to 1520 This period begins when the mediaeval production of Bible translations is at a peak and when another readership other than the clergy has increasingly found its way to the Bible The

printing press which makes an appearance at the time provides an immediate response to this growing demand During the same period also in the north we see the gradual rise of humanism which for figures such as Erasmus and Lefvre d'Étaples also entailed a great interest in the Bible sources ad fontes In 1519 Erasmus published his *Novum Testamentum* a revised version of his 1516 *Novum Instrumentum* providing from 1520 the basis for various vernacular Bible publications His Paraphrases on diverse books of the New Testament also appealed to a broad reading public The effects of this Biblical humanism provide the point of departure for the second part of this book During the same decennia through the influence of the Reformation and its sola scriptura principle new translations became available The response to this new Bible in Catholic circles was varied from an absolute prohibition of Bible translation in the vernacular to a cautious integration of a Biblical spirituality in teaching and preaching The different contributions demonstrate how the religious diversity and plurality continues to expand in this period with each group increasingly accentuating its own confessional identity The way in which the Bible is dealt with reflects this process In the seventeenth century on which the third section of this book focuses this evolution is pursued further From the middle of this century however an evolution takes place with a growing number of exegetes taking a critical scholarly attitude to the Bible a development that is in an obvious relationship with the growing contemporary phenomenon of secularisation and rationalism The present book will serve as a valuable companion to Lay Bibles in Europe 1450-1800 eds August den Hollander and Mathijs Lamberigts the proceedings of the 2004 Amsterdam Conference with the same title which has been published as volume 198 of the BETL series Schrijven in commissie Patricia Stoop, 2013 *Analyse van de schrijfcultuur in het klooster Onze Lieve Vrouw ter Rosen gheplantet in Jericho* Brussel waarvan een grote collectie codices van conventsspreken preken van biechtvaders door nonnen opgetekend is bewaard

Abraham Kuyper's Commentatio (1860) Abraham Kuyper, J. Vree, Johan Zwaan, 2005 Not only describes Calvin's and a Lasco's concepts of the Church but also discusses them in the light of the Gospel This work is accompanied by historical and philological introductions annotations and comprehensive registers and throws light on the origins of Kuyper's ideas It is useful the study of nineteenth century Reformation research *A Merchant's Wife on Knight's Adventure* Myra J. Heerspink Scholz, 1999 Popular among readers of early printed fiction was the story of a merchant's wife who transformed the misfortune of exile into an opportunity for adventure Using Boccaccio's rendering as a backdrop this study of four chapbook versions uncovers links between the themes of the story fortune merchant ethics and women's roles and the concerns of early modern city dwellers The author also focuses on the experimental quality of narrative prose in the early printing years
