## **Middle East For Dummies:**

**The Middle East For Dummies** Craig S. Davis, 2011-03-10 Demystifies the area's culture, politics, and religions. Explore Middle Eastern history from ancient to modern times. Looking to better understand the Middle East? This plain English guide explains the importance of the region, especially in light of recent events. You'll meet its people and their leaders, discover the differences and similarities between Arab and Western mindsets, and examine the wars and conflicts, including the Israeli-Palestinian turmoil that led up to the current political situation. The Dummies Way: Explanations in plain English. Get in, get out: Information, icons, and other navigational aids. Tear out: Cheat sheet, top ten lists, a dash of humor and fun. *Understand the Middle East (since 1945): Teach Yourself* Stewart Ross, 2010-08-27 Understand the Middle East since 1945 is an essential guide to one of the world's most turbulent regions. It examines the origins and development of the events which have dominated the headlines for the last six decades. Covering everything from religion and politics in the aftermath of the Second World War to the Israeli-Palestinian conflict, war in Iraq, and the terrorism of the present day, it will change the way you think about the region. NOT GOT MUCH TIME: One five and ten minute introductions to key principles to get you started. AUTHOR INSIGHTS: Lots of instant help with common problems and quick tips for success based on the author's many years of experience. EXTEND YOUR KNOWLEDGE: Extra online articles at [www.teachyourself.com](http://www.teachyourself.com) to give you a richer understanding. THINGS TO REMEMBER: Quick refreshers to help you remember the key facts. Middle East 101 Youssef Aboul-Enein, Joseph T Stanik, 2019-05-15 This work answers 101 essential questions on the Middle East: Islam, the Arab Spring, al-Qaeda, and ISIS. It is for those wanting to begin an intellectual immersion into the complexities of the region from pre-biblical times to the post-Arab Spring. The authors have carefully focused on what the deploying soldier, sailor, Marine, coast guard, or airman needs to know before arriving in the Middle East, including the nuances inherent in a region that is the crossroads of three continents: Europe, Asia, and Africa, and how previous global powers interacted and left their mark. While developed and written for Americans about to deploy to combat zones and areas of operation, it is also of use to a wider audience of Americans serious about the challenges of the region. **The Complete Idiot's Guide to Middle East Conflict** Mitchell Geoffrey Bard, 2003. You're no idiot of course. You know that the countries of the Middle East—Israel, Iraq, Egypt, Saudi Arabia, and more—are in the news daily because of failed peace initiatives, suicide bombings, or threats to our security. However, the nations contained within this desert region have fought one another long before it was broadcast on CNN, and even long before the state of Israel existed. Understand the ancient animosities and modern tensions that continue to plague this troubled region. *The Complete Idiot's Guide to Middle East Conflict*, Second Edition, shows you exactly why the Holy Land continues to remain a war zone despite the efforts of peacemakers. In this newly updated and revised *Complete Idiot's Guide*, you get the birth of the empires established under the Muslim and Christian faiths; the division of the Middle East into new nations after World War I, including the creation of a Jewish homeland in Palestine; how the United States became involved in the region and the many alliances formed and broken over the decades; the history of terrorism in the Middle East and the formation of the U.S.-led coalition to combat it.

**The Middle East** Philip Robins, 2016-09-01. The wave of popular uprisings that swept through the Middle East promised to pave the way for democracy. It brought down dictators and captured the popular imagination, but for most of the region, peace and stability remain as elusive today as they have ever been. In this fully revised introduction, Oxford University's Philip Robins takes a close look at the issues plaguing the region. With each chapter focusing on a key theme, Robins weaves together the disparate countries into a coherent and entertaining narrative. From leadership and gender to religion and society, *The Middle East: A Beginner's Guide* is replete with case studies, astute analysis, profiles of key personalities, and even jokes from the region. There is no better resource for understanding the Middle East, both past and present.

*War and Peace in the Middle East* Avi Shlaim, 1995-08-01. Remarkable, breathtaking in its scope and historical precision, this is a highly recommended volume for both public and academic libraries. *Library Journal*.

*Arabs & Israel For Beginners* Ron David, 2007-08-21. *Arabs & Israel For Beginners* covers the Middle East from ancient times to the present, tells the truth in plain English, and is one of the few non-scholarly books that is relentlessly fair to both Jews and Arabs. If you want to continue to believe fairy tales about Arabs in Israel, don't touch this book; it will surely be hazardous to your closed mind. If you want the truth about 12,000 years of Middle Eastern history, then *Arabs & Israel For Beginners* is the perfect place to start.
