Middle East provides an accessible introduction to the region's most pressing concerns and enduring conflicts. It includes provocative contributions by an impressive array of leading scholars, journalists, and policy advisors. Contributors include notable academic authors Arthur Goldschmidt Jr, the late William L. Cleveland, Shibley Telhami, David W. Lesch, Bernard Reich, and Phebe Marr, complemented by selections from recent general interest books by Marwan Bishara, Mark Perry, and Eugene Rogan, among others. With twelve new chapters, the third edition is a probing examination of the current affairs of the Middle East. Its multiple readings on strategic pairings of topics—Israel and the Palestinians, Iraq and Iran, Egypt and Syria—illuminate the region's key issues from a variety of perspectives. Part and chapter opening summaries help establish background and context, and a new concluding chapter by Shibley Telhami, written specifically for this volume, candidly addresses fundamental questions about the United States and the Middle East today. Student resources include an annotated table of contents, a select bibliography, a glossary, brief biographies of notable persons, a chronology, and a summary of recent events, in addition to numerous maps.

She explored India and its national movement during the great churning of the liberation struggle, which made Turkey the melting pot of eastern and western civilizations prominent in the international scenario of 1930s and 40s.
