## **Midges In Scotland:**

*Midges in Scotland* George Hendry, 2003 The first edition of *Midges in Scotland* published in 1989 rapidly topped the list of bestsellers and has continued to sell well wherever midges abound. This latest edition brings the story of biting midges up to date with new material on the Highland midge, its biology and why it bites. Written in a highly readable but informed way, it describes how and why the midge plays such a dominant role in the ecology and human culture of the Highlands, not at least in keeping the worst of human depredations under control. By understanding the ways of the midge, we humans, visitors and residents alike, should be able to enjoy the full splendours of the highland summer without quite so many bites.

**Midges in Scotland** G. A. F. Hendry, 1989      **Midges in Scotland** Alasdair Roberts, 1998 An anthology of anecdotes and information concerning the Highland Midge, minuscule marauder and scourge of Scotland. Ranging from the 18th century stories involving Bonny Prince Charlie, Queen Victoria, kilts and camping, the book also includes a section on remedies and repellants.
