Mighty Fortress Steven Ozment, 2004-03-30 The word German was being used by the Romans as early as the mid first century B C to describe tribes in the eastern Rhine valley Nearly two thousand years later the richness and complexity of German history have faded beneath the long shadow of the country s darkest hour in World War II Now award winning historian Steven Ozment whom *The New Yorker* has hailed as a splendidly readable scholar gives us the fullest portrait possible in this sweeping original and provocative history of the German people from antiquity to the present holding a mirror up to an entire civilization one that has been alternately Western Europe s most successful and most perilous *A Mighty Fortress* boldly examines Germany s tumultuous twentieth century in light of its earliest achievements as a prosperous civil and moral society tracing a line of continuity that began in ancient times and has endured through the ages despite its enemies and itself Ozment s story takes us from the tribes of the Roman Empire and the medieval dynasties to the fall of the Berlin Wall and reunification He shows that the Germans are a people who desire national unity yet have kept themselves from it by aligning with autocratic territorial governments and regional cultures From Luther Kant Goethe and Beethoven to Marx Einstein Bismarck and Hitler the country s leading figures have always tried to become everything and more than what ordinary mortals could be In fact Germans living centuries apart have shared in different ways a common defining experience that is unique to their culture a convergence of external provocation and wounded pride and an unusual ability to exercise great power in response to both In this work of penetrating virtuoso scholarship Steven Ozment captures the soul of a nation that is at once ordered and chaotic disciplined and obsessive proud and uncertain Epic in scope refreshing in its insights and written with nuance acumen and verve *A Mighty Fortress* presents the history of the Germans as the story of humanity writ large **Origin & Ancestors Families Karle & Kaiser of the German-Russian Volga**

Contemporary Germany **The Great German Nation** Craig White, 2007-09 Who exactly are the Germans From which ancestor of Noah do they descend Might their roots be found in the ancient Middle East Does the Bible God's precious Word have anything to say with regard to the very talented German peoples and their ancient roots Or does God ignore major nations such as Germany in His Word These fascinating and highly talented people have been central to world history Notice a chilling comment in an article on Russia by Peter Zeihan history really does run in cycles Take Europe for example European history is a chronicle of the rise and fall of its geographic center As Germany rises the powers on its periphery buckle under its strength and are forced to pool resources in order to beat back Berlin As Germany falters the power vacuum at the middle of the Continent allows the countries on Germany's borders to rise in strength and become major powers themselves Since the formation of the first Germany in 800 this cycle has set the tempo and tenor of European affairs A strong Germany means consolidation followed by a catastrophic war a weak Germany creates a multilateral concert of powers and multistate competition often involving war but not on nearly as large a scale For Europe this cycle of German rise and fall has run its course three times the Holy Roman Empire Imperial Germany Nazi Germany and is only now entering its fourth iteration with the reunified Germany **Learning to Pray in the Lutheran Sunday School 1942-1952 , The German Way of War** Robert Michael Citino, 2005 For Frederick the Great the prescription for warfare was simple kurz und

vives short and lively wars that relied upon swift powerful and decisive military operations Robert Citino takes us on a dramatic march through Prussian and German military history to show how that primal theme played out time and time again Citino focuses on operational warfare to demonstrate continuity in German military campaigns from the time of Elector Frederick Wilhelm and his great sleigh drive against the Swedes to the age of Adolf Hitler and the blitzkrieg to the gates of Moscow Along the way he underscores the role played by the Prussian army in elevating a small vulnerable state to the ranks of the European powers describes how nineteenth century victories over Austria and France made the German army the most respected in Europe and reviews the lessons learned from the trenches of World War I Encyclopedia of European Peoples Carl Waldman, Catherine Mason, 2006 Presents an alphabetical listing of information on the origins prehistory history culture languages relationships to other cultures and more regarding European peoples **Fascism** Brian E. Fogarty, 2009-10 A cautionary examination of America's ongoing risk of fascism **Your Friend, As Ever, A. Lincoln** Donald Allendorf, 2014-09-05 This work reveals the monumentally influential friendship between America's sixteenth president and Gustav Koerner a German revolutionary who settled on the Illinois frontier With research based in unique correspondence previously ignored by Lincoln and Civil War scholars this innovative volume sheds light on an unexamined aspect of Abraham Lincoln's life Exiled from Germany as a revolutionary in 1833 Koerner met Lincoln in frontier Illinois when they were both young lawyers Radical and determined to offer America a new view of exalted rights and liberty Koerner became a state Supreme Court judge and lieutenant governor of Illinois He interceded at a crucial moment at the 1860 Republican National Convention that opened the door to Lincoln's nomination In addition to serving as a catalyst for Lincoln's ascension to the executive branch author Donald Allendorf explains how Koerner and other German revolutionaries of the time came to irreparably impact the United States's politics and legal system Using Koerner's personal letters and memoirs this book tells the story of two very different lives that merged against a backdrop of slavery nativism and the road to the nomination
