**Migrant Soul** Avi Shafran, 1992 The autobiography of a descendant of full blooded American Indians who marries an assimilated Jewess and then begins an amazing journey      *Migrant Soul* Avi Shafran, 2013-01-24 A man of African and Native American ancestry would seem an unlikely candidate for conversion to Judaism especially for becoming an observant Orthodox Jew And Abel Gomes wouldn't ever have struck anyone as a radical or unpredictable person On the contrary he has always been thoughtful calm intelligent and focused not someone given to rash decisions or susceptible to mystical compulsions Abel's determination to become a Jew emerged slowly nurtured by a relentless logic that led him to regard his Catholic upbringing with intellectual discomfort and by his marriage to a Jewish woman although one not at all interested at least at the time in exploring her own religious heritage Ariella who had been raised by secular parents was entirely comfortable with being Jewish only in a cultural sense and as her marriage to a non Jew testified felt unconstrained by religious rules In fact her husband's growing interest in her ancestral heritage only irked her at first If Abe's ethnic roots were an unlikely impetus for him to explore Judaism Ariella's self identity as a cultural Jew added to the unlikelihood that the couple would one day become committed Orthodox Jews But the unlikely sometimes comes to pass and the story of the young couple's journey to Orthodox Judaism is recounted in *Migrant Soul The Story of an American Convert* Abel's interest in Judaism led Ariella to first humor him and eventually join him on his quest to go from affiliation with an Indian tribe to membership in the Jewish one The couple's journey led them to Reform and Conservative Jewish communities and finally to the Orthodox one Abel and Ariella quickly came to realize that Reform Jewish theology has redefined Judaism to the point where it has more in common with American political and social liberalism than with the foundational tenets and practices of Jews through the centuries That was not what they were searching for And so with Orthodoxy as far from their minds as Buddhism the two seekers gravitated to the Conservative movement which claimed fealty to the Jewish past even as it embraced the vibrant cultural and intellectual present With time though they became disappointed by that segment too of the contemporary Jewish world It seemed to offer more lip service than true dedication to Jewish ideas and practices and differed from the Reform community more in quantity of Jewish practices than in quality of fealty to traditional Judaism Moreover despite Abel's Conservative conversion and the welcome he received from Conservative Jews he found that his unusual background did not insulate him from being regarded by Conservative Jews despite their progressive stances in other realms as an outsider Even as they became active members of a Conservative congregation Abel and Ariella began to interact with members of the Orthodox community in the city where they lived And those interactions recounted in *Migrant Soul* empowered by the couple's increasing realization that conversion to Judaism was more than a ceremony that becoming a Jew meant becoming a Jew an actual part of the Jewish people led to Abel's decision to undergo a conversion that met the strict standards of halacha or Jewish religious law Neither the process leading to that point nor the conversion rite nor its

aftermath were easy But Abel and Ariella were determined and succeeded in becoming not only fully observant of Jewish religious law and not only active and essential parts of an Orthodox community but inspirations for countless Jews both those who know them personally and those who became acquainted with them at a distance through the pages of Migrant Soul

**Immigrant and Asylum Seekers Labour Market Integration upon Arrival: NowHereLand** Irina Isaakyan, Anna Triandafyllidou, Simone Baglioni, 2022-11-18 Through an inter subjective lens this open access book investigates the initial labour market integration experiences of these migrants refugees or asylum seekers who are characterised by different biographies and migration asylum trajectories The book gives voice to the migrants and seeks to highlight their own experiences and understandings of the labour market integration process in the first years of immigration It adopts a critical qualitative perspective but does not remain ethnographic The book rather refers the migrants own voice and experience to their own expert knowledge of the policy and socio economic context that is navigated Each chapter brings into dialogue the migrant s intersubjective experiences with the relevant policies and practices as well as with the relevant stakeholders whether local government national services civil society or migrant organisations The book concludes with relevant critical insights as to how labour market integration is lived on the ground and on what migrants do with labour market policies rather than on what labour market policies do to or for migrants
