Jerry Osborne

Mike Capa Omnibus:

US Graphic Novel Paul Williams, 2022-10-19 This book analyses the way that changes in the comics industry book trade and webcomics distribution have shaped the publication of long form comics The *US Graphic Novel* pays particular attention to how the concept of the graphic novel developed through the twentieth century Art historians journalists and reviewers debated whether it was possible for a comic to be a novel debates that accelerated after the term graphic novel was coined by the comics fan Richard Kyle in 1964 This study underlines the proximity of the graphic novel to other media showing that this cultural form is not only the meeting place between periodical comics and books but that graphic novels are in dialogue with films posters and computer screens

Dreaming the Graphic Novel Paul Williams, 2020-01-17 Winner of the Best Book Award in Comics History from the Grand Comics Database Honorable Mention 2019 2020 Research Society for American Periodicals Book Prize The term graphic novel was first coined in 1964 but it wouldn't be broadly used until the 1980s when graphic novels such as *Watchmen* and *Maus* achieved commercial success and critical acclaim What happened in the intervening years after the graphic novel was conceptualized yet before it was widely recognized *Dreaming the Graphic Novel* examines how notions of the graphic novel began to coalesce in the 1970s a time of great change for American comics with declining sales of mainstream periodicals the arrival of specialty comics stores and at least initially a thriving underground comix scene Surveying the eclectic array of long comics narratives that emerged from this fertile period Paul Williams investigates many texts that have fallen out of graphic novel history As he demonstrates the question of what makes a text a graphic novel was the subject of fierce debate among fans creators and publishers inspiring arguments about the literariness of comics that are still taking place among scholars today Unearthing a treasure trove of fanzines adverts and unpublished letters *Dreaming the Graphic Novel* gives readers an exciting inside look at a pivotal moment in the art form's development
