[Deconstruction](#) Edgar Hiram Adel Ortiz,2001 **Confronting Metaphor in Use** Mara Sophia Zanotto,Lynne Cameron,Marilda do Couto Cavalcanti,2008 It is timely for researchers to approach metaphor as social and situated as a matter of language and discourse and not just as a matter of thought Over the last twenty five years scholars have come to appreciate in depth the cognitive motivated and embodied nature of metaphor but have tended to background the linguistic form of metaphor and have largely ignored how this connects to its role in the discourses in which our lives are constructed and lived This book brings language and social dimensions into the picture offering snapshots of metaphor use in real language and in real lives across the very different cultures of Europe and Brazil and contributing to the theorizing of metaphor in discourse [Opening Pandora's Box](#) Bichngoc Vong Hoai,1998 **New Public Management (NPM) and the Introduction of an Accrual Accounting System** Adriana Bruno,2020-09-22 In recent decades the dissemination and the adoption of new public management NPM have been significant within the new public sector One key innovation is the adoption of accrual accounting from business enterprise The unresolved question is what does accrual accounting mean in practice for government This book analyzes the initial stage of development of an accrual accounting system in the context of regional government in Italy It presents the accrual accounting system as a new technology and contributes to understanding of neutral tools involved in a public sector reform
