

The background of the entire image is a scenic landscape. In the foreground, a person's silhouette is visible from the back, standing on a path or balcony and looking out over a vast mountain range. The mountains are layered, with some peaks appearing more prominent than others. The sky is a pale, hazy blue, suggesting a clear day. The overall tone is serene and contemplative.

Puccini's La fanciulla del West and American Musical Identity Kathryn Fenton, 2019-08-30 On 10 December 1910 Giacomo Puccini's seventh opera *La fanciulla del West* had its premiere before a sold out audience at New York City's Metropolitan Opera House The performance was the Metropolitan Opera Company's first world premiere by any composer By all accounts the premiere was an unambiguous success and the event itself recognized as a major moment in New York cultural history The initial public opinion matched Puccini's own evaluation of his opera He called it the best he had ever written and expected it to become as popular as *La Bohème* Yet the music reviews tell a different story Marked by ambivalence the reviews expose the New York City critics struggle to reconcile the opera they expected to see with the one they actually saw and the opera itself became embroiled in controversy over the essence of musical Americanness and the nativist perception that a uniquely American national opera tradition continued to elude both American and foreign born opera composers This book seeks to account for the differences between Puccini's own assessments of the opera and those of its first audience Offering transcriptions of the central reviews and of letters unavailable elsewhere the book provides a historically informed understanding of *La fanciulla del West* and the reception of this European work as it intersected with both opera production and consumption in the United States and with the process of American musical identity formation during the very period that Americans actively sought to eradicate European cultural influences As such it offers a window into the development of nativism and cosmopolitan nationalism in New York City's musical life during the first decade of the twentieth century *Musical Courier and Review of Recorded Music* , 1913 *The Opera Stage of Sarah Caldwell* Kristina Bendikas, 2020-06-01 Sarah Caldwell the leader of the Opera Company of Boston from 1958 1990 was a groundbreaking and idiosyncratic woman who established her own career as a conductor and stage director in an environment resistant to change This book investigates her choices as an opera director her influences her philosophies and her methods and situates her work within the history of opera in America Though she is remembered primarily as a conductor her passion and her greater influence on American opera was through stage directing With a repertoire that included ground breaking interpretations of works such as Nono's *Intolleranza 1960* Prokofiev's *War and Peace* and Bernstein's *Mass* Caldwell continually pushed her own artistic limits provoked critics intrigued audiences and challenged the status quo of opera production Her passion for opera her creative use of new technology and her influence in bringing opera to all sectors of American society culminated in 1997 when she was awarded the National Medal of Arts for her work as a pioneering woman
