21st Century Chinese Cyberwarfare William Hagestad II, 2012-03-05 21st Century Chinese Cyberwarfare draws from a combination of business cultural historical and linguistic sources as well as the author's personal experience to attempt to explain China to the uninitiated The objective of the book is to present the salient information regarding the use of cyber warfare doctrine by the People's Republic of China to promote its own interests and enforce its political military and economic will on other nation states The threat of Chinese Cyberwarfare can no longer be
