An Oppositionist for Life Chaolin Zheng, 1997 **Chen Duxiu's Last Articles and Letters, 1937-1942** Gregor Benton, 2018-09-18 This book first published in 1998 collects the final letters and articles of Chen Duxiu 1879 1942 He founded the Chinese Communist Party in 1921 after a revolutionary career in the movement that overthrew the Manchus and brought in the Republic Between 1915 and 1919 he had led the New Culture Movement that electrified student youth and laid the intellectual foundations for modern China and he also helped found the Chinese Trotskyist Opposition which he then led Between his release from prison in 1937 and his death in 1942 he wrote the pieces collected here **Routledge Library Editions: China Under Mao** Various, 2021-06-23 This 13 volume collection of previously out of print titles reissues some key works in the study of Mao Zedong's huge influence on China its politics economics and development into the power that it is today Foreign policy the Cultural Revolution the fate of opponents Chinese Marxist thought all are covered here and more in this essential reference resource Prophets Unarmed Gregor Benton, 2015-09-01 *Prophets Unarmed* is an authoritative sourcebook on the Chinese Communist Party's main early opposition the Chinese Trotskyists who emerged from the Chinese Communist Party in China and Moscow in reaction to its 1927 defeat In spite of being Trotskyism's main section outside Russia they were crushed by Stalin in Moscow and by Chiang Kai shek and Mao Zedong in China thus becoming China's most persecuted party Their strategy in the Japan war when they failed to take up arms was short sighted and doctrinaire and they had scant impact on the revolution Even so their association with Chen Duxiu and Wang Shiwei their attachment to democracy and their critique of Mao's bureaucratic socialism brought them a scintilla of recognition after Mao's death Their standpoints and proposals and their association with the democratic movement are not without relevance to China's present crisis of morals and authority *A Road Is Made* Stephen Anthony Smith, 2000-01-01 The book culminates in a detailed analysis of the three armed uprisings which led to the CCP's briefly taking power in March 1927 before being crushed by the troops of Chiang Kai shek The study highlights the extent to which the Soviet Union sought to control China's national revolution yet also reveals how divisions at every level of the Comintern allowed the CCP to achieve a degree of independence and to conduct a policy at considerable variance with that laid down by Moscow In addition to using the wealth of Chinese material that has become available since the 1980s this study is the first to make use of the Comintern materials that have become available since the collapse of the Soviet Union Jacket 革命年代, 1999 *Underground Asia* Tim Harper, 2021-01-12 An Economist Best Book of the Year A Financial Times Best Book of the Year A major historian tells the dramatic and untold story of the shadowy networks of revolutionaries across Asia who laid the foundations in the early twentieth century for the end of European imperialism on their continent This is the epic tale of how modern Asia emerged out of conflict between imperial powers and a global network of revolutionaries in the turbulent early decades of the twentieth century In 1900 European empires had not yet reached their territorial zenith But a new generation of Asian

radicals had already planted the seeds of their destruction They gained new energy and recruits after the First World War and especially the Bolshevik Revolution which sparked utopian visions of a free and communist world order led by the peoples of Asia Aided by the new technologies of cheap printing presses and international travel they built clandestine webs of resistance from imperial capitals to the front lines of insurgency that stretched from Calcutta and Bombay to Batavia Hanoi and Shanghai Tim Harper takes us into the heart of this shadowy world by following the interconnected lives of the most remarkable of these Marxists anarchists and nationalists including the Bengali radical M N Roy the iconic Vietnamese leader Ho Chi Minh and the enigmatic Indonesian communist Tan Malaka He recreates the extraordinary milieu of stowaways false identities secret codes cheap firearms and conspiracies in which they worked He shows how they fought with subterfuge violence and persuasion all the while struggling to stay one step ahead of imperial authorities Underground Asia shows for the first time how Asia s national liberation movements crucially depended on global action And it reveals how the consequences of the revolutionaries struggle for better or worse shape Asia s destiny to this day Previous praise for Tim Harper Praise for *Forgotten Wars* A compelling book Philip Delves Broughton Wall Street Journal Lucid majestic Peter Preston The Observer Authoritative Pankaj Mishra New Yorker Praise for *Forgotten Armies* Panoramic Vivid Benjamin Schwarz New York Times Book Review A spectacular book Martin Jacques The Guardian

Gomez, 2008 This study points up the complex and intricate interplay of ethnic and national identities in the lives of Chinese in Britain A constant thread across two hundred years of Chinese presence has been the vigour of British national identity among migrants descendants This study argues that transnational studies reinforce essentialist conceptions of identity and of cultural authenticity in diasporic communities and thus frustrate the promotion of ethnic co existence and social cohesion in multi ethnic societies *China Review International*, 1998
