## **Open Your Eyes To Opportunity:**

Opportunity Rob Moore,2021-03-25 Opportunities are limitless and abundant The problem is many people can't recognise them It can feel like opportunity doesn't knock for you or other people get more opportunities or you have bad luck and timing You just need to know where to look How to ask When to ACT Opportunity can be a window or a door sometimes it opens right in front of you and sometimes it knocks You need to be ready windows doors and eyes open Are you waiting for that once in a lifetime or business opportunity to change your life How will you know when it comes How will you be sure it's right for you This book is not about waiting for an opportunity It's a book containing strategies that can be employed immediately ensuring you attract opportunities abundantly both big and small and you're ready to recognise and take them To turn ideas into opportunities Successful people often make their own luck they find success because they have trained their minds to recognise great opportunities and make the most of them rather than freezing with uncertainty or lacking the vision to see them through They know the opportunity cost of not taking them In this book you'll learn how to spot seize and implement the right opportunities and how to say NO to the wrong ones You'll learn to take fast and slow opportunities When opportunity appears you'll be ready to take advantage seize the day and win at life *Journey to the Well* Vashti M.
