The Adaptation Advantage Heather E. McGowan, Chris Shipley, 2020-04-09 A guide for individuals and organizations navigating the complex and ambiguous Future of Work. Foreword by New York Times columnist and best selling author Thomas L Friedman. Technology is changing work as we know it. Cultural norms are undergoing tectonic shifts. A global pandemic proves that we are inextricably connected whether we choose to be or not. So much change so quickly is disorienting. It's undermining our sense of identity and challenging our ability to adapt. But where so many see these changes as threatening, Heather McGowan and Chris Shipley see the opportunity to open the flood gates of human potential if we can change the way we think about work and leadership. They have dedicated the last 5 years to understanding how technical, business and cultural shifts affecting the workplace have brought us to this crossroads. The result is a powerful and practical guide to the future of work for leaders and employees.
