**Deductive and Object-Oriented Databases** Tok W. Ling, Alberto O. Mendelzon, Laurent Vieille, 1995-11-15 This book constitutes the refereed proceedings of the 4th International Conference on Deductive and Object Oriented Databases DOOD 95 held in Singapore in December 1995. Besides two keynote papers by Stefano Ceri and Michael Kifer the book contains revised full versions of 28 papers selected from a total of 88 submissions. The volume gives a highly competent state of the art report on DOOD research and advanced applications. The papers are organized in sections on active databases, query processing, semantic query optimization, transaction management, authorization, implementation and applications.

**Medusa's Mirrors** Julia M. Walker, 1998 The question of selfhood in Renaissance texts constitutes a scholarly and critical debate of almost unmanageable proportions. The author of this work begins by questioning the strategies with which male writers depict powerful women. Although Spenser's Britomart, Shakespeare's Cleopatra and Milton's Eve figure selfhood very differently and to very different ends, they do have two significant elements in common: mirrors and transformations that diminish the power of the female self.

**Next Generation Information Technologies and Systems** Ron Y. Pinter, Shalom Tsur, 2003-07-31 The Next Generation Information Technologies and Systems (NGITS) workshop series is a biannual event held in Israel since 1993. Like its predecessors, NGITS 99 brings together active members of the international research community interested in information technology and knowledge based systems. Many of the base technologies in the traditional areas of database management systems, information retrieval and resource optimization are being deployed nowadays in novel systems and applications that flourish with the astonishing increase in computational power, storage capacity, communication and of course the advent of the world wide web. These new fronts in turn present an ever growing set of challenges to the technologies such as data availability, information integrity and knowledge extraction, fuelling an exciting set of activities. Our workshop clearly reflects this trend offering a rich sample of the state of the art at the close of the millennium and a glimpse of what is to come in the next one. In response to the call for papers we received 34 high quality submissions, 22 of which were carefully selected by the Program Committee for presentation at the workshop and inclusion in these proceedings. These include 17 full length papers as well as 5 short papers that will be accompanied by demonstrations during the workshop. In addition, it is our pleasure to feature two invited talks given by Professor J. Ullman of Stanford University and IBM Fellow C. Mohan.

**The Schism of Unification Church and the Tree of Life** Jongsuk Kim, 2024-07-02 This book, 'The Schism of Unification Church and the Tree of Life', Part I is a revised version of the 4th volume of the 'History of the Korean Messianic Movement' published in 2016 and contains the core of the extensive data used in the 5th volume, 'A Study of the Canonization of the Unification Movement' 2017, the 6th volume, 'Unification Church and the Phenomenon of the Only Begotten Daughter' 2017, the 7th volume, 'The Veritable Records of Unification Church Schism' 2021, and the 8th volume, 'The only begotten daughter phenomenon seen from the Unification Principle' 2023. This book also contains content not covered in the first edition and the

changed situation of Unification Church since 2016 Nonetheless I put the word part 1 in the title because the detailed story of the schism of Unification Church after the founder s Seunghwa which could not be contained in this book on the page will be covered soon in the other book The reason why I titled this book The Schism of Unification Church and the Tree of Life is that although the division of the Unification Movement caused by the failure of Han Hak ja to do her responsibilities led to tragic results providence and anti providence principle and non principle good and evil were distinguished during the process of division and certainly the Unification Movement will soon be overcome and enter the path of revitalization by the Tree of Life of the heavenly lineage that has risen from the dead This book focused on comparing the identities and deeds of the major figures identified in the process of Unification Church s split namely Han Hak ja Moon Hyung jin and Moon Hyun jin based on the identity of the founder and the Unification Principle which is the core teaching Through this book readers will be able to accurately understand the causes processes and consequences of Unification Church schism and will be able to predict the future In the conclusion of the first edition I mentioned that the phenomenon of Han Hak ja s only begotten daughter is a new religious phenomenon with a different identity from the phenomenon of Unification Church of the founder Although divided I predicted that Unification Church would not collapse but would go the path of revitalization and that the third son of the founder Moon Hyun jin would lead the revitalization In retrospect my prediction was correct to some extent Han Hak ja who was the cause of the schism in Unification Church became one with the fallen archangel figures who destroyed the providence of the True Family and created a new religion to worship the only begotten daughter Heavenly Parents Holy Community which clashed with the Unification Principle On the other hand Moon Hyun jin who was expelled from the Unification Movement by Han Hak ja and the anti Moon Hyun jin forces who tried to wipe out his providential mission won nearly a decade of persecution and more than 30 lawsuits and declared that he would re establish the ideal of the True Family and True Parents which had been incomplete due to the fall of Han Hak ja and dedicate the original Foundation Day before Heaven As time passes the inner story and truth of Unification Church schism will become clearer I wrote this book from both the perspectives of a new religion researcher an objective observer and an insider a believer The collection and analysis of data to understand the facts and inner story of the incident was done from the perspective of an observer and the internal causes of Unification Church split changes in identity and doctrine and the nature and religious significance of various events and situations that are difficult to understand for a simple observer was described from an insider s point of view **Freud's Jaw and Other Lost Objects** Lana Lin,2017-11-07 What does it mean to live with life threatening illness How does one respond to loss Freud s Jaw and Other Lost Objects attempts to answer these questions and as such illuminates the vulnerabilities of the human body and how human beings suffer harm In particular it examines how cancer disrupts feelings of bodily integrity and agency Employing psychoanalytic theory and literary analysis Lana Lin tracks three exemplary figures psychoanalyst Sigmund Freud poet Audre Lorde and literary and queer theorist Eve Kosofsky

Sedgwick Freud's sixteen year ordeal with a prosthetic jaw the result of oral cancer demonstrates the powers and failures of prosthetic objects in warding off physical and psychic fragmentation Lorde's life writing reveals how losing a breast to cancer is experienced as yet another attack directed toward her racially and sexually vilified body Sedgwick's memoir and breast cancer advice column negotiate her morbidity by disseminating a public discourse of love and pedagogy Lin concludes with an analysis of reparative efforts at the rival Freud Museums in London and Vienna The disassembled Freudian archive like the subjectivities in dissolution upon which the book focuses shows how the labor of integration is tethered to persistent discontinuities Freud's Jaw asks what are the psychic effects of surviving in proximity to one's mortality and it suggests that violences stemming from social cultural and biological environments condition the burden of such injury Drawing on psychoanalyst Melanie Klein's concept of reparation wherein constructive forces are harnessed to repair damage to internal psychic objects Lin proposes that the prospect of imminent destruction paradoxically incites creativity The afflicted are obliged to devise means to reinstate at least temporarily their destabilized physical and psychic unity through creative reparative projects of love and writing [Reading Sedgwick](#) Lauren Berlant, 2019-10-29 Over the course of her long career

Eve Kosofsky Sedgwick became one of the most important voices in queer theory and her calls for reparative criticism and reading practices grounded in affect and performance have transformed understandings of affect intimacy politics and identity With marked tenderness the contributors to *Reading Sedgwick* reflect on Sedgwick's many critical inventions from her elucidation of poetry's close relation to criticism and development of new versions of queer performativity to highlighting the power of writing to engender new forms of life As the essays in *Reading Sedgwick* demonstrate Sedgwick's work is not only an ongoing vital force in queer theory and affect theory it can help us build a more positive world in the midst of the bleak contemporary moment Contributors Lauren Berlant Kathryn Bond Stockton Judith Butler Lee Edelman Jason Edwards Ramzi Fawaz Denis Flannery Jane Gallop Jonathan Goldberg Meridith Kruse Michael Moon Jos Esteban Mu oz Chris Nealon Andrew Parker H A Sedgwick Karin Sellberg Michael D Snediker Melissa Solomon Robyn Wiegman
