Dar o 1867 1916 of Nicaragua was the leader of the important Latin American literary movement known as Modernism He is considered by many to be the greatest poet in Latin American literature and the volume of writings devoted to his work since 1884 is perhaps greater than that on any other writer in the history of Spanish American literature The celebration in 1967 of the centenary of his birth gave rise to a formidable number of new analyses increasing the need for the classification and assessment of the many studies In this book Professor Ellis examines and evaluates the wide range of methods and perspectives available to the reader of Dar o s works He considers the biographical approach social and political questions influences and sources structural analysis providing three structural studies of his own and in an appendix Dar o s own concept of the role of the literary critic His book is comprehensive both in time and in range and includes an up to date bibliography This is the first systematic study of the critical works on a Spanish American writer It is significant not only in its treatment of the work on an individual author but also as a reflection on and an indication of the trends methods and preoccupations of modern appraisals of Latin American writing *Mexican Travel Writing* Thea Pitman,2008 This book is a detailed study of salient examples of Mexican travel writing from the nineteenth and twentieth centuries While scholars have often explored the close relationship between European or North American travel writing and the discourse of imperialism little has been written on how postcolonial subjects might relate to the genre This study first traces the development of a travel writing tradition based closely on European imperialist models in mid nineteenth century Mexico It then goes on to analyse how the narrative techniques of postmodernism and the political agenda of postcolonialism might combine to help challenge the genre s imperialist tendencies in late twentieth century works of travel writing focusing in particular on works by writers Juan Villoro H ctor Perea and Fernando Solana Olivares **Obras completas de Octavio Paz** Octavio Paz,1994
