**Keywords for Children's Literature, Second Edition** Philip Nel, Lissa Paul, Nina Christensen, 2021-01-12 Introduces key terms global concepts debates and

histories for Children's Literature in an updated edition. Over the past decade there has been a proliferation of exciting new work across many areas of children's literature and culture. Mapping this vibrant scholarship, the Second Edition of *Keywords for Children's Literature* presents original essays on essential terms and concepts in the field. Covering ideas from Aesthetics to Voice, an impressive multidisciplinary cast of scholars explores and expands on the vocabulary central to the study of children's literature. The second edition of this *Keywords* volume goes beyond disciplinary and national boundaries. Across fifty-nine print essays and nineteen online essays, it includes contributors from twelve countries and an international advisory board from over a dozen more. The fully revised and updated selection of critical writing, more than half of the essays are new to this edition, reflects an intentionally multinational perspective taking into account non-English traditions and what childhood looks like in an age of globalization. All authors trace their keyword's uses and meanings from translation to poetry, taboo to diversity and trauma to nostalgia. International business magazine for television    **The Ministry Of Common Sense** Martin Lindstrom, 2021-01-19 **WALL STREET JOURNAL** Bestseller A humorous yet practical five-step guide to ridding ourselves and our companies of bureaucratic bottlenecks and red tape. During the COVID-19 pandemic, the TSA is allowing passengers to board planes with unlimited amounts of hand sanitizer while maintaining its 3-4 ounce limit on all other liquids. You need a chainsaw to pry open your new pair of headphones from their package. Your eighth Zoom meeting of the day keeps freezing and if you hear No wait no you go first again you will implode. But first you have to sit through an endless Power Point presentation that everyone claims they've read no one has and that could have been summarized in one page. What has happened to common sense? And how can we get it back? Companies it seems have become so entangled in their own internal issues and further beset by reams of invisible red tape that they've lost sight of their core purpose. Inevitably they pay the price. Best selling author Martin Lindstrom combines numerous real life examples of corporate common sense gone wrong with his own ingenious plan for restoring logic and sanity to the companies and people that need it most. A must read for today's executives, managers, and employees. *The Ministry of Common Sense* is funny, entertaining, and immensely practical.
