## Gothic Romance Tricks:

Trick, Treat, Transgress Sandra Danneil,2021-09-01 The Simpsons are not only the world's most famous TV family they are also the protagonists of one of the longest lasting animation programs in US television. Over the course of the past thirty years the yellow five from Springfield have become an indispensable part of American popular culture which still turns academics into fans and inspires fans to research the objects of their fascination. This book focuses on the Halloween Special TREEHOUSE OF HORROR a part of THE SIMPSONS which research has largely left unnoticed. If THE SIMPSONS revolutionized how we look through television at US American culture and society TREEHOUSE OF HORROR has changed the way we remember popular culture history by way of horror traditions. This study demonstrates how Matt Groening's cartoon shows have painted a yellow archive of the digital age. Love and Death in the American Novel Leslie A. Fiedler,1997 No other study of the American novel has such fascinating and on the whole right things to say Washington Post

Histories of Science David Alff,Danielle Spratt,2025-06-30 Spreading the news of scientific breakthroughs in the eighteenth century. Histories of Science shows how different forms of media communicated scientific breakthroughs during the long eighteenth century bringing together eighteen humanities scholars to discuss the representation, reception and application of natural philosophy in the Atlantic world. In particular the authors focus on descriptions of scientific discoveries in popular print with essays on topics as varied as placebo pills, irrigation systems and navigational technology.
