*Meaning and the English Verb* Geoffrey N. Leech, 2004 This practical study of the English language covers areas that are of particular interest and those which are known to cause particular difficulty for the foreign learner **The English Verb** F.R. Palmer, 2014-06-11 A long established and highly regarded account of all aspects of the English verb taking account of recent work on tense phase and aspect and of the author's own research Theoretical discussion is kept to a minimum but the arguments are always presented within a modern theoretical framework **The English Verb** Martin Joos, 1968

**Meaning and the English Verb** Geoffrey Neil Leech, 1975 **The Naked Verb** David Maule, 1991 This text gets away from the grammar of lists and exceptions and leads the learner to an understanding of the central meaning of each verb tense It is designed on a self access basis with tasks which involve the individual user in decision making and encourage awareness of the living language **English Verb Classes and Alternations** Beth Levin, 1993-09 In this rich reference work Beth Levin classifies over 3 000 English verbs according to shared meaning and behavior Levin starts with the hypothesis that a verb's meaning influences its syntactic behavior and develops it into a powerful tool for studying the English verb lexicon She shows how identifying verbs with similar syntactic behavior provides an effective means of distinguishing semantically coherent verb classes and isolates these classes by examining verb behavior with respect to a wide range of syntactic alternations that reflect verb meaning The first part of the book sets out alternate ways in which verbs can express their arguments The second presents classes of verbs that share a kernel of meaning and explores in detail the behavior of each class drawing on the alternations in the first part Levin's discussion of each class and alternation includes lists of relevant verbs illustrative examples comments on noteworthy properties and bibliographic references The result is an original systematic picture of the organization of the verb inventory Easy to use *English Verb Classes and Alternations* sets the stage for further explorations of the interface between lexical semantics and syntax It will prove indispensable for theoretical and computational linguists psycholinguists cognitive scientists lexicographers and teachers of English as a second language [Learning English Verbs](#) Hesam Nemounekhah, 2021-05-26 All verbs are practical and essential each of them representing a unique work It happens that we know many vocabularies but not recalling the related verb so we would be unable to link them to make a coherent sentence This book is there to help you so that you can easily create a meaningful sentence by knowing the needed verb with even elementary nouns adjectives and adverbs Having the verbs in mind can help you guess the meanings of other derivatives of verbs Everyone from the intermediate level up to the advanced level can use this book as a source of verbs Students engineers doctors lawyers managers accountants business people psychologists and anyone interested in the English language can choose this book to enhance communication power and ability to search on the internet After mastering this book many verbs can probably get confused in order to solve this problem all similar verbs are gathered together in chapter two to make the book clear many English verbs do not have an
