Meanwhile In Another Part Of The Forest:

In Another Part of the Forest Alberto Manguel,Craig Stephenson,1994 In this authoritative collection of short stories on male homosexuality by gay and non gay writers Alberto Manguel an editor with a brilliant strong natural taste London Gazette and Craig Stephenson present a rich diversity of visions and voices creating an anthology that makes gay fiction accessible to a mainstream audience Line drawings **Into The Looking-Glass Wood** Alberto Manguel,2011-02-04 By the award winning author of A History of Reading For me words on a page give the world coherence Words tell us what we as a society believe the world to be I believe there is an ethic of reading a commitment that is both political and private in the act of turning the pages And I believe that sometimes beyond the author s intentions and beyond the reader s hopes a book can make us better and wiser Through personal stories and literary reflections in a style rich in humour and gentle erudition Manguel leads us the readers to reflect upon the pleasures and responsibilities of reading and the links that exist between the world we live in and the words we live amongst Into the Looking Glass Wood is a voyage into the subversive heart of words a voyage fired by the author s humanity and extraordinary breadth of vision **A Reader on Reading** Alberto Manguel,2010-02-18 In this major collection of his essays Alberto Manguel whom George Steiner has called the Casanova of reading argues that the activity of reading in its broadest sense defines our species We come into the world intent on finding narrative in everything writes Manguel landscape the skies the faces of others the images and words that our species create Reading our own lives and those of others reading the societies we live in and those that lie beyond our borders reading the worlds that lie between the covers of a book are the essence of A Reader on Reading The thirty nine essays in this volume explore the crafts of reading and writing the identity granted to us by literature the far reaching shadow of Jorge Luis Borges to whom Manguel read as a young man and the links between politics and books and between books and our bodies The powers of censorship and intellectual curiosity the art of translation and those numinous memory palaces we call libraries also figure in this remarkable collection For Manguel and his readers words in spite of everything lend coherence to the world and offer us a few safe places as real as paper and as bracing as ink to grant us room and board in our passage
