The crystal necklace her father gave her years ago acting as a beacon to an alien species Sarah Ellison finds herself abducted by the aliens and taken halfway across the galaxy. The Aeon are a species of alien who look much like humans except for their bobbing antennae blue skin and the fact that they speak with their minds and not their mouths. One alien which Sarah nicknames Henry spends more time with the young Earth woman than any of his fellow space beings. Is Sarah going crazy or is there an attraction growing there. As she begins to fell for the alien and he for her Henry tells her of the Zaytar another alien species which seems intent on destroying the Aeon. Their brief outer space love affair is interrupted however when the Zaytar attack and abduct Sarah right from under the Aeon's nose. Sarah finds herself a captive once more and it's quite clear that Gar the Zaytar tasked with guarding her desires her very much. Torn between the two aliens Sarah finds herself simultaneously in the middle of a war between alien species where the things she's been told may not be truth. Will Sarah ever make it back to Earth. And which alien has truly one her heart. And even more importantly which alien suitor has really been telling her the truth **Aeon War** Amelia Wilson, 2019-04-11. The only hope Gar and his people have is a small crystal Sarah has worn around her neck since childhood a gift from her Geologist father. The crystal is the key to a doomsday weapon one the Aeon's hope to use soon. But under Sarah's guidance the key might be able to

Her Cyborg Heroes Robyn is a woman of medicine with a heart seeking companionship. She had no idea she would find her love in two cyborg men who become much more than the heroes of her heart. Meeting and dating two handsome and intelligent men changed Dr. Robyn Atkinson's view of relationships. But waking up the next morning with two consorts wasn't the only surprise that day. She would be thrust into the heat of an alien attack one that would shape the future of humanity and the future of their relationship. Would they be able to survive this invasion together or would it ultimately destroy the very delicate foundation they were attempting to build? Cyborg Love. All the cyborgs want is the chance to live but they have to fight for it. Cyborgs aren't meant to live. They're monsters created by the Government to fight. When they went wrong, they should have been killed there and then. Eve hates the cyborg army because they killed her brother. She doesn't care that they've got a consciousness; she doesn't consider them human. They shouldn't be here anymore. However, her path for revenge leads her to the very hot Javier, a cyborg that teaches her she isn't always right. As he takes her on a journey, she wasn't expecting she learns that maybe she hasn't ever been supporting the right side. As more shocks and secrets are revealed, she recognizes the world needs a massive change and that she might have to help make that change come about.
