**The Stay-at-Home Survival Guide** Melissa Stanton, 2008-06-03 Addresses the myriad practical and psychological issues facing stay at home moms today in a guide that covers a wide range of topics from balancing do it all demands and losing touch with one's professional side to creating time for oneself and the perspectives of expert contributors Original

**Glad To Be A Dad; Calm To Be A Mom** David Holden, 2022-08-01 The title of this book is taken from Proverbs 23:25 May your father and mother be glad may she who gave you birth rejoice The message is quite simple to encourage parents with preteen children to see God our Father as our Mentor for parenting and to enjoy the learning process on this journey of parenting This is more of a WHY to parent book rather than a how to parent book God in His infinite wisdom created families and revealed Himself to us as our Heavenly Father calling us His chosen and beloved children Sending Jesus as His only Son to show His love for us God weaves the parent-child metaphor throughout scripture to help us understand what it means to be created in His image and for His good purpose Do you ever wonder why God created families Psalm 68:6 states God sets the lonely in families First Timothy 5:8 emphasis added makes very clear the priority of parenting to our Heavenly Father If anyone does not provide for his relatives and especially for his immediate family he has denied the faith and is worse than an unbeliever Why does God bless us with His children to raise Because as parents we learn so much about ourselves and more importantly we learn so much about why God created us and placed us in families A devotional aspect is added to this book for those who want to use it as a personal devotional or in a parenting class setting **It's a Mom Thing** Jan King, 2001

Okay ladies listen up It's a Mom Thing is required reading for any harried mother who can use some big laughs to get through her day And internationally best selling author Jan King is just the woman who can provide them In days gone by children went to Mom for all the answers Now with the Internet boom today's kids are turning to the likes of mamma.com for what they want to know It's a Mom Thing offers the scoop on what women really need to know about being a mom in the electronic age Each chapter focuses on a different type of mom from the Sex Ed Mom and the Yuppie Mom to the Jewish Mom and the Change of Life Mom With much hilarity and refreshing frankness It's a Mom Thing equips moms with the wisdom of Solomon the patience of Job and the knowledge of Alex Trebek **The 2-Second Commute** Christine

Durst, Michael Haaren, 2005-01-01 Counsels business professionals on how to launch a home based virtual career while avoiding common pitfalls providing coverage of such topics as self marketing starting a business with minimal start up costs and using a home business to strengthen a family life [From the Ballfields to the Coalfields](#) Richard Boyd, 2022-07-27 I have written many stories I will always treasure which began during the Great Depression in the 1930s Some of these stories I would tell to my friends and they would say You need to write a book about that I am certain they were not serious but I thought Why not There were some crazy things that happened in a lifetime of experiences To meet so many legends I had to be there at the right place and at the right time I have written many stories that have educational and historical significance

Most of the stories are intended to have humor with no harm intended to anyone From the Ball Fields to the Coalfields is written to be nonfiction although some stories are hard to believe The lifetime of experiences mostly occurred in three regions of Virginia and some in Concord North Carolina The three regions in Virginia were the coastal tidewater area the Shenandoah Valley and the coalfields of far southwest Virginia The people involved are friends family teachers coaches pro athletes my baseball teammates and so many wonderful kids that I taught or coached Although my book may be considered as an autobiography it is more about people that the reader would enjoy hearing about their accomplishments rather than my own During the time I wrote From the Ball Fields to the Coalfields which started in 2001 until the present time there were changes in people s lives such as a professional athlete or a coach changing jobs in some cases Also there were some people that I wrote about who are now deceased Some of these occurrences are not mentioned although the people who have passed away are in the section on IN MEMORY OF The book is written over a twenty year period but as chronological as possible with changes in people s occupations and awards such as a National Hall of Fame Award to basketball coach Lefty Driesell Please refer to chapter 32 LEFTY Before my time on the ball fields the book covers my grandfather s part in helping with the Great Depression and an early part of my family in Concord North Carolina The period covers a period about being a World War II child gangs of the fifties school and amateur baseball glory years of sports by way of radio how army and college life was over fifty years ago and how it was to be a teacher and coach for most of the period beginning in the early 1960s until 2010 Racial equality is one of America s top issues Chapters 20 22 23 and 27 demonstrate how far our nation has gone to be equal but we still have a way to go The chapters stress my involvement with African American treatment before Dr Martin L King s speech about freedom If I would have fulfilled my childhood dream and made it to the Major Leagues then I would not have the nostalgic stories about my family childhood friends teaching and coaching friends and those thousands of kids who are in my book From the Ball Fields to the Coalfields

**The Stay at Home Mom** Donna Otto,1997 Addressing the pros and cons of staying at home The Stay at Home Mom offers creative ideas and practical suggestions for making at home motherhood a workable alternative With boundless enthusiasm for home and personal organization Donna Otto takes on the challenges and highlights of the rewards of full time motherhood

**The LGBT Casebook** Petros Levounis,Jack Drescher,Mary Barber,2012-04-16 Even in today s more enlightened society it takes courage for many lesbian gay bisexual and transgender LGBT individuals to come out of the closet and embrace their sexual orientation and identity Coming out or facing internal and societal conflicts related to sexuality involves a great deal of anxiety that can permeate other aspects of an LGBT individual s life particularly when seeking psychiatric treatment The goal of The LGBT Casebook is to help clinicians trainees and other mental health professionals address the mental health needs of LGBT people in the context of problems these individuals face in their everyday lives including homophobia and discrimination The LGBT Casebook begins with five chapters devoted to basic concerns that affect LGBT populations including coming out heterosexist attitudes the don t ask

don't tell mentality legal issues gay parenting and sexual identity in patient therapist relationships In the rest of the book clinician authors present case studies of 20 patients with different DSM diagnoses illuminating the impact of LGBT identity and illustrating a way of working with each presented patient Features and benefits of The LGBT Casebook include Insights into the unique problems LGBT people face in their everyday lives when compared with heterosexual individuals Problems that are common to all LGBT individuals such as the anxiety of being in the closet hiding one's identity or coming out embracing one's identity Practitioners with little experience in working with the LGBT population can gain a better understanding of psychiatric diagnoses within the context of an LGBT individual's everyday life The book can be read cover to cover to gain insights into the full diversity of the LGBT population or by specific chapters of interest to help with the diagnosis of a patient currently in treatment A glossary at the back of the book defines both clinical and colloquial terms and phrases that clinicians and patients use to define themselves and their peers While The LGBT Casebook is the ideal general overview and roadmap for the clinician new to treating LGBT patients it also provides new pearls of wisdom and insights for psychiatrists residents medical students nurses and clinical social workers who are already familiar with working with the LGBT community By introducing a diverse range of people diagnoses and presenting problems it will serve as a valuable reference book for all mental health professionals when assessing and treating the mental health concerns of lesbian gay bisexual and transgender patients
