Monet In Giverny:

A Day with Claude Monet in Giverny Adrien Goetz, 2017-05-09 This beautiful slipcased volume offers an intimate tour inside Monet's home and through the idyllic Giverny garden that inspired his most iconic paintings. Monet first spotted the village of Giverny from the window of a train and then relocated to the rural haven outside Paris in 1883. Monet was an artist with a passion for painting landscapes and outdoor scenes and the garden at Giverny soon became the Impressionist master's greatest artistic accomplishment and a catalyst for his work. In 1890 Monet began renovating it, installing a picturesque water lily pond inspired by the Japanese prints he avidly collected. The setting of Monet's Water Lilies series, his most famous works, it is now the most visited garden of its size in the Western world. The beautifully vivid illustrations of Monet's paintings, his home and the grounds give readers unprecedented access into the flowery paradise to which Monet dedicated the last forty years of his life. Lovers of garden design and Impressionist art are invited on an intimate tour via this handsome volume.

Monet's House at Giverny Bob Hersey, Gerald Van der Kemp, 1999 Assortment of carousel booklet and card pieces relating to the art and garden of Claude Monet at Giverny, France. **Monet's Years at Giverny** Claude Monet, 1978 This book contains 81 paintings from the 40 years Monet spent at his country home in Giverny, accompanied by a narrative on Monet's life, loves and influences. It recounts Monet's development from an Impressionist to an innovative abstractionist.

Monet at Giverny Adrien Goetz, 2015 In 1890 Claude Monet bought a house at Giverny in Normandy. Soon he had laid out the first of the three studios in which he could paint. Now the garden that was to be a constant source of inspiration for those paintings claimed all his attention. In 1893 work started on the excavation of the famous pond that he would plant with water lilies and over which he would build a Japanese bridge festooned with wisteria. Richly illustrated with photographs taken as the seasons unfold, this guide takes us on a tour of the house and gardens, inviting us to explore the settings in which Monet and his family spent their daily lives, from the iconic yellow dining room to the famous salon studio. Adrien Goetz leads us through the gardens laid out by the father of Impressionism, where we can admire the dazzling planting schemes and successive flowerings that inspired the paintings that now hang in the world's greatest galleries and museums: drifts and avenues of iris, tulips and narcissi, wallflowers, peonies and forget-me-nots, roses and cascades of clematis and wisteria, not forgetting the legendary water lilies. *Claude Monet at the Time of Giverny* Claude Monet, Jacqueline Guillaud, Maurice Guillaud, Centre culturel du Marais, 1983. **Monet at Giverny** Caroline Holmes, 2003 Claude Monet spent the last 43 years of his long life at Giverny, creating the beautiful gardens, the most famous in France and one of the most visited in the world. Garden historian and designer Caroline Holmes explores Monet's twin passions: painting and plants, and looks at his intelligent approach to creating a personal paradise of lily ponds and kaleidoscopic colour. This beautiful book shows the artist as a consummate plantsman who composed his gardens with an Impressionist's care for colour and form, later to be reinterpreted into paintings of beautiful abstraction. Drawing upon Monet's own voice and those of his contemporaries and
